<b>Explanations</b>	

According to our Public Disclosure dated 14 January 2022, first phase (240 MW- Tashkent A) and third phase (270 MW- Bukhara) of Aksa Energy's 740 MW natural gas power plant investments consisting of three power plants in Uzbekistan had started commercial operations gradually.

Following the issuance of invoice regarding power generation in January, first collection from National Electric Grid of Uzbekistan (NEGU) was realized.

Kind regards,

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
