Explanations	

Our company has reached an amount of TRY 4,154,659,315 TL (excluding VAT) sales value between the dates of 1 January - 30 September 2018 in return for the sales of 639,793 m² (gross) sellable area of 4,194 units (including presales).

Our company had announced its targets for third quarter of 2018 as; 514 k m² Total Gross Area Sales and Total Sales Value of TRY 4.08 billion excluded VAT.

Considering the third quarter figures which we have announced as of today;

The total value of sold units realized as TRY 4.15 billion and thus we exceeded our 4.08 billion sales value target,

The total saleable area sales realized as 640 k m² and thus we exceeded our 514 k m² saleable area target,

As in the past, our company will do its best in order to achieve its goals in the future.

Unit sales report giving the completed sales (including presales) is attached.

Sales figures stated in sales breakdown tables consist of the data collected from the Company's Marketing Department or throughout sales offices.

The completion of the sales processes may take tangible time. Therefore, there may be increases in previous month/months' figures.

There may be also decreases in sales due to the reasons of renegeing on the contract of the homebuyers and cancelling the contract of the seller.

However, lottery date is taken into account in the lottery sales.
