<b>Explanations</b>	

As of 19.11.2018, the installed capacity of Ghana HFO Power Plant increased from 280 MW to 370 MW and the commissioning of 90 MW has been approved by the Ministry delegates. Thus, the guaranteed capacity rose from 223.5 MW to 332 MW. As of the aforementioned date, the capacity fees will be charged over 332 MW.

With the capacity increase in Ghana HFO Power Plant, Aksa Energy's installed capacity in Africa has reached 476 MW.

Respectfully announced to the public.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
