## Additional Explanations

Reference: VakıfBank Public Disclosure Dated January 18, 2019. In line with the principles determined in the Capital Markets Instrument Note (Prospectus), interest rates that constitute a basis for the issuance have been calculated and stated in the table above. In case of excess demand for the above mentioned public offering, the amount can be increased up to TL 300,000,000. Book-building period that will take place on January 21-22-23, 2019 will be observed and another calculation will be made on January 23, 2019. New weighted average compound interest rate that is determined at the end of second calculation will be compared to the above mentioned compound interest rate that is taken as a basis for the book-building. If the new weighted average compound interest rate is higher than the compound interest rate that is taken as a basis for the issuance, the rate will be determined as the

final interest rate of the bond. The "Capital Markets Instrument Note (Prospectus)", including the detailed information related to the calculation of interest rates was enclosed within the Bank's disclosure dated January 18, 2019. According to CMB legislation, in case of a contradiction between the Turkish and English versions of this public disclosure, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in "Material Events Communiqué" of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we're personally liable for the disclosures.
