Explanations	

As FONET family, we care about the health and safety of our employees, customers, and business partners in these days when we face the challenges of the COVID-19 New Coronavirus epidemic that has global impacts all over the world.

We take all precautions in order to prevent the disruption of our production and services by following Republic of Turkey Health Ministry and World Health Organization instructions closely.

FONET has a business continuity plan against all possible crisis scenarios in order to provide uninterrupted service to its customers; and a secure infrastructure required to access the systems in order to enable its teams to continue their existing tasks remotely.

All trainings have been given to our employees in this regard as well as remote work drills have been carried out successfully.

Where onsite intervention is required, our teams will continue to support by taking all health measures.

In this process, our services will continue as they are and our 7x24 support center can be reached in the same way through existing communication channels. Therefore, any possible quarantine, working from home and similar situations will not have any negative effects on our work and the services we provide to our customers.

Respectfully announced to the public.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
