Explanations	

Turkey's leading Privileged Access Management (PAM) company operating in the global arena became the first Turkish company to be included in the Gartner Magic Quadrant report.

Offering software products to many global companies in sectors such as telecommunications, finance, energy and healthcare, Kron was included in the Magic Quadrant for Privileged Access Management 2020 Report by Gartner, the world's leading research and consultancy company. Taking part in this report, Kron became the first and only Turkish company to enter the Gartner Magic Quadrant reports in the field of cyber security. The "Gartner Magic Quadrant for Privileged Access Management" report, which is updated every two years, evaluates companies on this subject in the global arena and selects the leaders of the subject by evaluating their technological levels, innovation and market activities. Kron is among the 12 companies in this report.

We proclaim that our above disclosure is in conformity with the principles set down in "Material Events Communiqué" of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we're personally liable for the disclosures.
