<b>Explanations</b>	

We reached an agreement with Air Lease Corporation (ALC) for the sale of four Boeing 737-800NG aircraft from our current fleet and separately for the lease of one Airbus 321-200neo aircraft from ALC. The four Boeing 737-800NG aircraft are planned to leave our fleet in 2021. One Airbus 321-200neo aircraft is scheduled to join our fleet in 2023. Said transactions are carried out as part of our ongoing fleet and capacity planning and in line with our strategy to improve our fleet with younger and more efficient new generation aircraft. We inform our investors regarding developments in our fleet plan on a quarterly basis simultaneously with our financial reporting, and with additional disclosures for any transaction with a value exceeding the disclosure limits determined by the Capital Markets Board. This disclosure was deemed necessary to ensure equal information for our investors following ALC's Press Release dated December 22, 2020. This Material Disclosure Announcement is prepared in Turkish and in English. In case of any discrepancy between the two versions, Turkish disclosure will prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
