Explanations	

Within the scope of the initial public offering of Penta shares, for which we acted as the Consortium Leader, price stability transactions can be made by our Institution for Penta shares for a period of 30 days from the date on which Penta shares began to be traded on the Borsa Istanbul Equity Market, as stated in the Prospectus for the said public offering.

In line with this duty, our Institution has carried out transactions to ensure price stability for Penta shares, and the 5.06% shareholding of Penta, as stated in the Public Disclosure Platform ("PDP") Announcement dated 9 June 2021 by the Central Registry Agency ("CRA"), was formed as a result of these share purchases made within the scope of price stability transactions. The material event disclosure regarding the price stability transactions carried out by our Institution will also be made by our Institution in the PDP at the end of the price stability process as per the legislation.
