Appendix 3

Remuneration Policy for the Board of Directors and Senior Executives

This policy document describes the remuneration system and applications of the Board of Directors and the Senior Executives who have administrative responsibilities, pursuant to the Capital Markets Board (CMB) regulations.

The fixed salaries to be valid for all the Members of the Board of Directors are determined every year at the Ordinary General Assembly Meeting of the Company.

Executive Board Members are compensated as per the Remuneration Policy for Senior Executives, detailed below. Performance - based compensation or stock option plans cannot be used to determine the remuneration of independent Board Members.

Members of the Board of Directors are paid according to the principle of per diem deduction taking into consideration their term of service. Costs borne by the members of the Board of Directors due to their contributions to the company (transportation, telephone, insurance etc. expenditures) can be met by the Company.

Remuneration of Senior Executives consist of two components: Base salary and performance based bonus.

Base salaries of Senior Executives are determined in accordance with international standards and legal responsibilities, taking into consideration macro-economic data within the market, the remuneration policies in the market, size and long-term goals of the company, and positions and efficiency levels of the individuals.

Performance - Based Bonus of Senior Executives are calculated according to company performance and individual performance. Relevant criteria is summarized below:

- **Bonus Base:** Bonus bases are updated at the beginning of each year and vary according to the workload of the executives' positions. When updating bonus bases, senior management bonus policies within the market are taken into consideration.
- **Company Performance:** Company performance is obtained through the calculation at period ends of the financial and operational goals (market share, exports, foreign activities, efficiency etc.) given to the company at the beginning of each year. When determining company goals, sustainability and improvements with respect to the previous years are taken into consideration as important principles.
- **Individual Performance:** For the determination of individual performance, employee, customer, process, technology and long-term strategy-related goals are taken into consideration, together with the company goals. For the calculation of individual performance, the long-term sustainability improvement principle is observed also, outside the financial spheres, as is the case for company performance.

The total remuneration amount determined according to these principles, and paid to the Senior Executives and the Members of the Board of Directors during the year, is submitted for the information of the partners in the subsequent General Assembly Meeting, in accordance with the regulations.
