The accompanying consolidated financial statements are prepared in accordance with the requirements of CMB Communiqué Serial II, No: 14.1 "Basis of Financial Reporting in Capital Markets" ("Communiqué"), which were published in the Official Gazette No: 28676 on 13 June 2013 and in accordance with the Turkish Financial Reporting Standards ("TFRS") and Interpretations that have been put into effect by the Public Oversight Accounting and Auditing Standards Authority ("POA").

The consolidated financial statements has been presented with examples of Financial Statement and User Guide in the Official Gazette No:30794 on 7 June 2019 by the POA. All reports have suited the TFRS formats.

The consolidated financial statements are prepared according to historical cost accounting except for the revaluation of land and financial instruments.

Approval of the Consolidated Financial Statements

These consolidated financial statements have been approved for issue by the Board of Directors with the resolution number 1142 on 26 April 2022. There is no authority other than General Assembly and legal entities has the right to amend the consolidated financial statements.

Functional Currency

The individual financial statements of each Group entity are presented in the currency of the primary economic environment ("Functional Currency") in which the entity operates. The Company's reporting currency is Turkish Lira ("TL"). For the purpose of the consolidated financial statements, the results and financial position of each entity are expressed in TL, which is the functional, and presentation currency of the Company for the consolidated financial statements. Amounts are expressed in thousands of TL or Foreign Currency unless otherwise stated. Kuruş, Turkish Currency subunit and 1 TL is equal to 100 Kuruş.

Preparation of Financial Statements in Hyperinflationary Periods

CMB, with its resolution dated 17 March 2005 numbered 11/367 declared that companies operating in Turkey which prepare their financial statements in accordance with CMB Accounting Standards, effective 1 January 2005, will not be subject to the application of inflationary accounting. Consequently, in the accompanying financial statements ("TAS/TAS 29") "Financial Reporting in Hyperinflationary Economies" has not been applied since 1 January 2005.

Subsidiaries:

The details of the subsidiaries of the Group are as follows:

Subsidiaries	Location	Functional Currency	Group's proportion of ownership and voting power held (%)		Main Activity
			31 March 2021	31 December 2021	
ASELSANNET	Turkey	TL	100	100	Communication systems
ASELSAN Baku	Azerbaijan	AZN	100	100	Marketing and sales of the group products
ASELSAN GLOBAL	Turkey	TL	100	100	Export
Mikro AR-GE	Turkey	TL	85	85	Microelectronic R&D projects
ASELSAN Malaysia	Malaysia	MYR	100	100	Remote controlled weapon systems
ASELSAN Konya	Turkey	TL	51	51	Weapon and weapon systems
BITES	Turkey	TL	51	51	Defense, Aerospace, Space Technologies, Software
ASELSAN Ukraine	Ukraine	UAH	100	100	Marketing and sales of the group products
ULAK	Turkey	TL	51	51	Communication systems

The consolidated financial statements include the financial statements of the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns

The Company reassesses whether or not it controls an investee when if facts and circumstances arise there are changes to one or more of the three elements of control listed above.

Even though the Company has voting rights less than a majority, if it has ability to manage the operation of the investee unintentionally, then the Group assess that it has control over that investee.

Subsidiaries (continued):

The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- comparison of voting rights of the Group and the others,
- potential voting rights held by the Group, and others,
- rights arising from contractual arrangements; and
- any additional facts and circumstances that indicate the Group has, or does have, the current ability to direct the relevant activities at the time that decisions need to be made (including voting patterns at previous shareholders' meeting).

The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases. Income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Each item of profit or loss and other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to align with the Group accounting policies and the Group's accounting policies.

All intragroup balances, equity, income and expenses, profits and losses and cash flows relating to transactions between members of the Group are eliminated during consolidation.

Joint Ventures (continued):

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The Group's joint ventures; EHSİM established in 1998, IGG ASELSAN and ASELSAN Kazakhstan established in 2011, ASELSAN Jordan established in 2012 and ASELSAN Optik and ASELSAN Bilkent established in 2014, TÜYAR established in 2017, TEKNOHAB established in 2018, TR Eğitim established in 2019 and DASAL Havacılık Teknolojileri A.Ş established in 2020 were included in the condensed consolidated financial statements by using the equity method. Since BARQ QSTP LLC and have not started to operate yet, there is no material consolidation effect on the Group's financial statements.

2.2 Comparative Information and Restatement of Prior Period Consolidated Financial Statements

In order to determine the financial position and performance trends, the Group's consolidated financial statements are presented comparatively with the corresponding figures. For the purpose of having consistency with the current term's presentation of consolidated financial statements, comparative information is reclassified and significant differences are explained if necessary.

2. BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS (continued)

2.3 Accounting Policies, Changes in Accounting Estimates and Errors

Significant changes in accounting policies and errors are applied retrospectively and prior period financial statements are restated, changes in accounting estimates are reflected to the financial in current period profit/loss.

When change in estimate in accounting policies are related with only one period, changes are applied on the current period but if the estimated changes are for the following periods, changes are applied both on the current and following periods prospectively.

2.4 New and Revised Turkish Accounting Standards

The accounting policies adopted in preparation of the consolidated financial statements as at March 31, 2022 are consistent with those of the previous financial year, except for the adoption of new and amended TFRS and TFRS interpretations effective as of January 1, 2022 and thereafter. The effects of these standards and interpretations on the Group's financial position and performance have been disclosed in the related paragraphs.

a) The new standards, amendments and interpretations which are effective as at January 1, 2021 are as follows:

Amendments to TFRS 3 - Reference to the Conceptual Framework

In July 2020, POA issued Reference to the Conceptual Framework, which made amendments to TFRS 3 Business Combinations. The amendments updated TFRS 3 by replacing a reference to an old version of the Board's Conceptual Framework for Financial Reporting with a reference to the latest version, which was issued in March 2018. The Group shall apply these amendments for annual periods beginning on or after 1 January 2022 with earlier application permitted.

(Amounts are expressed in thousands of Turkish Lira ("TL") and in thousands of "Foreign Currency" unless otherwise stated.)

2. BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS (continued)

2.4 New and Revised Turkish Accounting Standards (continued)

a) The new standards, amendments and interpretations which are effective as at January 1, 2021 are as follows (continued):

The amendment has no impact on the consolidated financial position and performance of the Group.

Amendments to TMS 16 - Property, Plant and Equipment Proceeds before Intended Use

In July 2020, POA issued Property, Plant and Equipment - Proceeds before Intended Use, which made amendments to TMS 16 Property, Plant and Equipment. The amendments prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognize such sales proceeds and related cost in profit or loss.

The amendments improve transparency and consistency by clarifying the accounting requirements specifically, the amendments prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognize such sales proceeds and related cost in profit or loss.

The Group shall apply these amendments for annual periods beginning on or after 1 January 2022 with earlier application permitted.

The amendment has no impact on the consolidated financial position and performance of the Group.

Amendments to TMS 37 - Onerous Contracts - Cost of Fulfilling a Contract

In July 2020, POA issued Onerous Contracts - Cost of Fulfilling a Contract, which made amendments to July 37 Provisions, Contingent Liabilities and Contingent Assets. The amendments specify which costs an entity includes in determining the cost of fulfilling a contract for the purpose of assessing whether the contract is onerous.

The Group shall apply these amendments for annual periods beginning on or after 1 January 2022 with earlier application permitted. The amendment has no impact on the consolidated financial position and performance of the Group.

Annual Improvements to IFRS 2018–2020

IASB issued Annual Improvements to IFRSs - 2018–2020 Cycle for applicable standards in May 2020. The amendments are effective as of 1 January 2022. Earlier application is permitted. These improvements to IFRSs have no impact on the consolidated financial position and performance of the Group.

TFRS 1 First-time Adoption of International Financial Reporting Standards

This amendment simplifies the application of TFRS 1 for a subsidiary that becomes a first-time adopter of IFRS later than its parent – i.e. if a subsidiary adopts TFRS later than its parent and applies TFRS D16(a), then a subsidiary may elect to measure cumulative translation differences for all foreign operations at amounts included in the consolidated financial statements of the parent, based on the parent's date of transition to TFRS. This amendment will ease transition to TFRS for subsidiaries applying this optional exemption by i) reducing undue costs; and ii) avoiding the need to maintain parallel sets of accounting records.

TFRS 9 Financial Instruments

This amendment clarifies that in determining those fees paid net of fees received, a borrower includes only fees paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

(Amounts are expressed in thousands of Turkish Lira ("TL") and in thousands of "Foreign Currency" unless otherwise stated.)

This amendment clarifies that in determining those fees paid net of fees received, a borrower includes only fees paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

TMS 41 Agriculture

This amendment removes the requirement to exclude cash flows for taxation when measuring fair value, thereby aligning the fair value measurement requirements in TMS 41 with those in TFRS 13 Fair Value Measurement. The amendments provide the flexibility to use either, as appropriate, in line with IFRS 13.

b) Standards Issued But Not Yet Effective and Not Early Adopted as of 31 March 2022

TFRS 17 – Insurance Contracts

The POA issued TFRS 17 in February 2019, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. TFRS 17 model combines a current balance sheet measurement of insurance contract liabilities with the recognition of profit over the period that services are provided. Certain changes in the estimates of future cash flows and the risk adjustment are also recognised over the period that services are provided. Entities will have an option to present the effect of changes in discount rates either in profit and loss or in OCI. The standard includes specific guidance on measurement and presentation for insurance contracts with participation features. TFRS 17 will become effective for annual reporting periods beginning on or after 1 January 2023; early application is permitted. In accordance with amendments issued by POA in December 2021, entities have transition option for a "classification overlay" to avoid possible accounting mismatches between financial assets and insurance contract liabilities in the comparative information presented on initial application of TFRS 17.

The Group does not expect that application of TFRS 17 will have significant impact on its consolidated financial statements.

Amendments to TMS 1 - Classification of Liabilities as Current or Non-current

On January 15, 2021, the POA issued amendments to TAS 1 Presentation of Financial Statements. The amendments issued to TAS 1 which are effective for periods beginning on or after 1 January 2023, clarify the criteria for the classification of a liability as either current or non-current. Amendments must be applied retrospectively in accordance with TAS 8 Accounting Policies, Changes in Accounting Estimates and Errors. Early application is permitted.

The Group is assessing the potential impact on its consolidated financial statements resulting from the amendments of TMS 1.

Amendments to TMS 8 - Definition of Accounting Estimates

In August 2021, POA issued amendments to TMS 8, in which it introduces a new definition of 'accounting estimates'. The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, they clarify how entities use measurement techniques and inputs to develop accounting estimates. The amended standard clarifies that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors. The previous definition of a change in accounting estimate specified that changes in accounting estimates may result from new information or new developments. Therefore, such changes are not corrections of errors.

(Amounts are expressed in thousands of Turkish Lira ("TL") and in thousands of "Foreign Currency" unless otherwise stated.)

Amendments to TMS 8 - Definition of Accounting Estimates

In August 2021, POA issued amendments to TMS 8, in which it introduces a new definition of 'accounting estimates'. The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, they clarify how entities use measurement techniques and inputs to develop accounting estimates. The amended standard clarifies that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors. The previous definition of a change in accounting estimate specified that changes in accounting estimates may result from new information or new developments. Therefore, such changes are not corrections of errors.

The amendments issued to TMS 8 are effective for annual periods beginning on or after 1 January 2023. The Group is assessing the potential impact on its consolidated financial statements resulting from the amendments of TMS 8.

Amendments to TMS 1 - Disclosure of Accounting Policies

In August 2021, POA issued amendments to TMS 1, in which it provides guidance and examples to help entities apply materiality judgements to accounting policy disclosures. In the absence of a definition of the term 'significant' in TFRS, POA decided to replace it with 'material' in the context of disclosing accounting policy information. 'Material' is a defined term in TFRS and is widely understood by the users of financial statements, according to POA. In assessing the materiality of accounting policy information, entities need to consider both the size of the transactions, other events or conditions and the nature of them. Examples of circumstances in which an entity is likely to consider accounting policy information to be material have been added.

The amendments issued to TMS 1 are effective for annual periods beginning on or after 1 January 2023. The Group is assessing the potential impact on its consolidated financial statements resulting from the amendments of TMS 1.

Amendments to TMS 12 – Deferred Tax related to Assets and Liabilities Arising From a Single Transaction

In August 2021, POA issued amendments to TMS 12, which narrow the scope of the initial recognition exception under TMS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. The amendments clarify that where payments that settle a liability are deductible for tax purposes, it is a matter of judgement (having considered the applicable tax law) whether such deductions are attributable for tax purposes to the liability recognised in the financial statements (and interest expense) or to the related asset component (and interest expense). This judgement is important in determining whether any temporary differences exist on initial recognition of the asset and liability.

The amendments issued to TMS 12 are effective for annual periods beginning on or after 1 January 2023. The Group is assessing the potential impact on its consolidated financial statements resulting from the amendments of TMS 12.

Amendments to TFRS 10 and TAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

In December 2017, POA postponed the effective date of this amendment indefinitely pending the outcome of its research project on the equity method of accounting. Early application of the amendments is still permitted. The Group is assessing the potential impact on its consolidated financial statements resulting from the amendments.

10. TAX

"Deferred Tax Assets" of the Group as of 31 March 2022 is TL 560.328. The amount is comprised of the items below.

	31 March 2022	31 December 2021
Carried Forward R&D Incentives Effect	1.127.956	760.905
Temporary Differences	(567.628)	(507.483)
Deferred Tax Assets - Net	560.328	253.422

The earnings gained within the scope of Technology Development Zones Law numbered 4691 and the Support of Research and Development Activities Law numbered 5746 were exempted from corporate tax until 31 December 2028.

Prospective profit/loss projection and forecasts and expected duration of research and development incentives are considered in calculating deferred tax asset.

In accordance with the law numbered 5746 pertaining to 1 January-31 March 2022 period the Group has calculated "Deferred Tax Asset" amounting to TL 1.127.956 from Research and Development expenses comprising "Outstanding Research and Development Deductions".

	31 March 2022	31 March 2021
Profit before tax from continuing operations	1.371.023	1.328.565
Tax (expense)/income recognized in profit or loss	305.918	(99.738)
Effective tax rate	%22	(%8)

Effective tax rate is calculated by dividing profit before tax from continuing operations to tax income recognized in profit or loss. Increase in profit before tax from continuing operations is mainly due to the sales made by the Company within the current period. The Company does not have corporate tax liability for the current period because of the tax advantage arising from the R&D expenditures the Company has made in the previous years, but some companies subject to consolidation have. The main reason for tax income in profit or loss of previous year is deferred tax income effect arising from the R&D expenditures the Company has made within the related period.

Accompanying foreign exchange position which was prepared in accordance with TAS is different from the foreign exchange position of the financial statement which is prepared according to General Communiqué on Accounting System Application (GCASA). The difference is mainly due to the adjustments and classifications which are related with TFRS 15.

"For TL functional currency" calculations regarding "Other non-monetary assets" and "Other non-monetary liabilities" presented under foreign currency position, advances received are considered with regard to historic values therefore "TL equivalent of currency as at balance sheet date" differentiate.

(Amounts are expressed in thousands of Turkish Lira ("TL") and in thousands of "Foreign Currency" unless otherwise stated.)

20. FOREIGN EXCHANGE POSITION (continued)

Foreign currency sensitivity

The Group is exposed to foreign currency risk with respect to USD and EURO

The following table details the Group's sensitivity to a 10 percent increase and decrease in foreign exchange rates. 10 percent is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and present 10 percent change in foreign currency rates. This analysis does not include Group companies' balance sheet items which have functional currency other than TL. The effects of 10 percent changes in foreign currency rate on financial statements is as follows;
