CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira (“TRY”) unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

1. Organization and nature of operations of the Group

BİM Birleşik Mağazalar Anonim Şirketi (“BİM” or “the Company”) was established on 31 May 1995 and commenced its operations in September 1995. The registered address of the Group is Ebubekir Cad. No: 73 Sancaktepe, İstanbul.

The Company is engaged in operating retail stores through its retail shops throughout Turkey, which sell an assortment of approximately 700 items, including a number of private labels. The Company is publicly traded in Istanbul Stock Exchange (ISE) since July 2005.

The Company established a new company named BIM Stores SARL on 19 May 2008 with 100% ownership in Morocco which is engaged in hard discount retail sector and started to operate on 11 July 2009. BIM Stores SARL financial statements are consolidated by using the full consolidation method.

The Company established a new company named BIM Stores LLC on 24 July 2012 with 100% ownership in Egypt which is engaged in hard discount retail sector and first stores of BIM Stores LLC has been opened in April 2013. BIM Stores LLC financial statements are consolidated by using the full consolidation method as of 31 March 2018.

GDP Gıda Paketleme ve Sanayi ve Ticaret A.Ş. (“GDP Gıda”) which is a 100% subsidiary of the Company had started its activities to provide the supply and packaging of various foodstuffs, especially rice and pulses in 2017. GDP Gıda financial statements are consolidated by using the full consolidation method as of 31 March 2018.

Hereinafter, the Company and its consolidated subsidiaries together will be referred to as “the Group”.

Shareholder structure of the Group is stated in Note 16. The consolidated financial statements were authorized for issue on 8 May 2018 by the Board of Directors of the Company.

Although there is no such intention, the General Assembly and certain regulatory bodies have the power to amend the financial statements after issues.

For the periods ended 31 March 2018 and 2017, the average number of employees in accordance with their categories is shown below:

	1 January - 31 March 2018	1 January - 31 March 2017
Office personnel	3.266	2.963
Warehouse personnel	4.168	3.690
Store personnel	34.944	31.272
Total	42.378	37.925

As of 31 March 2018, the Group operates in 6.981 stores (31 December 2017: 6.765).

CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

2. Basis of preparation of financial statements

2.1 Basis of presentation

"Principles of Financial Reporting in Capital Markets" ("the Communiqué") published in the Official Gazette numbered 28676 on 13 June 2013. According to Article 5 of the Communiqué, financial statements are prepared in accordance with the Turkish Accounting Standards issued by Public Oversight Accounting and Auditing Standards Authority ("POAASA"). TAS contains Turkish Accounting Standards, Turkish Financial Reporting Standards ("TFRS") and its addendum and interpretations ("IFRIC").

The Group and its Turkish subsidiaries, associates and joint ventures maintain their books of accounts and prepare their statutory financial statements in accordance with the Turkish Commercial Code ("TCC"), tax legislation, the Uniform Chart of Accounts issued by the Ministry of Finance and principles issued by CMB. The foreign subsidiaries maintain their books of account in accordance with the laws and regulations in force in the countries in which they are registered. The consolidated financial statements are based on the statutory records, which are maintained under historical cost conventions, with the required adjustments and reclassifications reflected for the purpose of fair presentation in accordance with TAS

The consolidated financial statements are presented in accordance with formats that are determined in "Announcement regarding TAS Taxonomy" and "Financial Statement Examples and Instructions" by Turkish Accounting Standards issued by Public Oversight Accounting and Auditing Standards Authority ("POAASA") on 2 June 2016.

Going concern assumption

The consolidated financial statements including the accounts of the Group have been prepared assuming that the Group will continue as a going concern on the basis that the entity will be able to realize its assets and discharge its liabilities in the normal course of business.

2.2 New and amended International Financial Reporting Standards

The accounting policies adopted in preparation of the consolidated financial statements as at 31 March 2018 are consistent with those of the previous financial year, except for the adoption of new and amended IFRS and IFRIC interpretations effective as of 1 January 2017. The effects of these standards and interpretations on the Group's financial position and performance have been disclosed in the related paragraphs.

The Group has adopted the new and revised standards and interpretations issued by the "POAASA" and effective from January 1, 2017, related to its business activity.

a. Standards, amendments and interpretations applicable as at 31 March 2018

- IFRS 9, 'Financial instruments'; effective from annual periods beginning on or after 1 January 2018. This standard replaces the guidance in IAS 39. It includes requirements on the classification and measurement of financial assets and liabilities; it also includes an expected credit losses model that replaces the current incurred loss impairment model. The Group is in the process of assessing the impact of the standard on financial position and performance and does not expect a material impact.
- IFRS 15, 'Revenue from contracts with customers'; effective from annual periods beginning on or after 1 January 2018. IFRS 15, 'Revenue from contracts with customers' is a converged standard from the IASB and FASB on revenue recognition. The standard will improve the financial reporting of revenue and improve comparability of the top line in financial statements globally. The Group is in the process of assessing the impact of the standard on financial position and performance and does not expect a material impact.

CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

2. Basis of preparation of financial statements (Continued)

2.2 New and amended International Financial Reporting Standards (Continued)

- Amendment to IFRS 15, 'Revenue from contracts with customers', effective from annual periods beginning on or after 1 January 2018. These amendments comprise clarifications of the guidance on identifying performance obligations, accounting for licences of intellectual property and the principal versus agent assessment (gross versus net revenue presentation). New and amended illustrative examples have been added for each of those areas of guidance. The IASB has also included additional practical expedients related to transition to the new revenue standard. The Group is in the process of assessing the impact of the standard on financial position and performance and does not expect a material impact.
- Amendments to IFRS 4, 'Insurance contracts' regarding the implementation of IFRS 9, 'Financial Instruments'; effective from annual periods beginning on or after 1 January 2018. These amendments introduce two approaches: an overlay approach and a deferral approach. The amended standard will:
 - give all companies that issue insurance contracts the option to recognise in other comprehensive income, rather than profit or loss, the volatility that could arise when IFRS 9 is applied before the new insurance contracts standard is issued; and
 - give companies whose activities are predominantly connected with insurance an optional temporary exemption from applying IFRS 9 until 2021. The entities that defer the application of IFRS 9 will continue to apply the existing financial instruments standard IAS 39.

It is unlikely that this change will have a significant effect on the Group's financial position or performance.

- Amendment to IAS 40, 'Investment property' relating to transfers of investment property; effective from annual periods beginning on or after 1 January 2018. These amendments clarify that to transfer to, or from, investment properties there must be a change in use. To conclude if a property has changed use there should be an assessment of whether the property meets the definition. This change must be supported by evidence. The standard has no impact on the financial position or performance of the Group.
- Amendments to IFRS 2, 'Share based payments' on clarifying how to account for certain types of share-based payment transactions; effective from annual periods beginning on or after 1 January 2018. This amendment clarifies the measurement basis for cash-settled, share-based payments and the accounting for modifications that change an award from cash-settled to equity-settled. It also introduces an exception to the principles in IFRS 2 that will require an award to be treated as if it was wholly equity-settled, where an employer is obliged to withhold an amount for the employee's tax obligation associated with a share-based payment and pay that amount to the tax authority. The standard has no impact on the financial position or performance of the Group.
- Annual improvements 2014-2016; effective from annual periods beginning on or after 1 January 2018. These amendments impact 2 standards:
 - IFRS 1, 'First time adoption of IFRS', regarding the deletion of short-term exemptions for first-time adopters regarding IFRS 7, IAS 19 and IFRS 10,
 - IAS 28, 'Investments in associates and joint venture' regarding measuring an associate or joint venture at fair value.
- IFRIC 22, 'Foreign currency transactions and advance consideration'; effective from annual periods beginning on or after 1 January 2018. This IFRIC addresses foreign currency transactions or parts of transactions where there is consideration that is denominated or priced in a foreign currency. The interpretation provides guidance for when a single payment/receipt is made as well as for situations where multiple payments/receipts are made. The guidance aims to reduce diversity in practice. The standard has no impact on the financial position or performance of the Group

CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

2. Basis of preparation of financial statements (Continued)

2.2 New and amended International Financial Reporting Standards (Continued)

b. Standards, amendments and interpretations that are issued but not effective as at 31 March 2018:

- Amendment to IFRS 9, 'Financial instruments'; effective from annual periods beginning on or after 1 January 2019. This amendment confirms that when a financial liability measured at amortized cost is modified without this resulting in de-recognition, a gain or loss should be recognized immediately in profit or loss. The gain or loss is calculated as the difference between the original contractual cash flows and the modified cash flows discounted at the original effective interest rate. This means that the difference cannot be spread over the remaining life of the instrument which may be a change in practice from IAS 39. The Group is in the process of assessing the impact of the standard on financial position and performance and does not expect a material impact.
- Amendment to IAS 28, 'Investments in associates and joint venture'; effective from annual periods beginning on or after 1 January 2019. These amendments clarify that companies account for long-term interests in associate or joint venture to which the equity method is not applied using IFRS 9. The Group is in the process of assessing the impact of the standard on financial position and performance and does not expect a material impact.
- IFRS 16 'Leases', effective from annual periods beginning on or after 1 January 2019, with earlier application permitted if IFRS 15 'Revenue from Contracts with Customers' is also applied. This standard replaces the current guidance in IAS 17 and is a far-reaching change in accounting by lessees in particular. Under IAS 17, lessees were required to make a distinction between a finance lease (on balance sheet) and an operating lease (off balance sheet). IFRS 16 now requires lessees to recognise a lease liability reflecting future lease payments and a 'right of use asset' for virtually all lease contracts. The IASB has included an optional exemption for certain short-term leases and leases of low-value assets; however, this exemption can only be applied by lessees. For lessors, the accounting stays almost the same. However, as the IASB has updated the guidance on the definition of a lease (as well as the guidance on the combination and separation of contracts), lessors will also be affected by the new standard. At the very least, the new accounting model for lessees is expected to impact negotiations between lessors and lessees. Under IFRS 16, a contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The possible effects of the standard on the Group's financial position and performance is being evaluated.
- IFRIC 23, 'Uncertainty over income tax treatments'; effective from annual periods beginning on or after 1 January 2019. This IFRIC clarifies how the recognition and measurement requirements of IAS 12 'Income taxes', are applied where there is uncertainty over income tax treatments. The IFRS IC had clarified previously that IAS 12, not IAS 37 'Provisions, contingent liabilities and contingent assets', applies to accounting for uncertain income tax treatments. IFRIC 23 explains how to recognise and measure deferred and current income tax assets and liabilities where there is uncertainty over a tax treatment. An uncertain tax treatment is any tax treatment applied by an entity where there is uncertainty over whether that treatment will be accepted by the tax authority. For example, a decision to claim a deduction for a specific expense or not to include a specific item of income in a tax return is an uncertain tax treatment if its acceptability is uncertain under tax law. IFRIC 23 applies to all aspects of income tax accounting where there is an uncertainty regarding the treatment of an item, including taxable profit or loss, the tax bases of assets and liabilities, tax losses and credits and tax rates. The standard has no impact on the financial position or performance of the Group.
- IFRS 17, 'Insurance contracts'; effective from annual periods beginning on or after 1 January 2021. This standard replaces IFRS 4, which currently permits a wide variety of practices in accounting for insurance contracts. IFRS 17 will fundamentally change the accounting by all entities that issue insurance contracts and investment contracts with discretionary participation features. The standard has no impact on the financial position or performance of the Group.

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

2. Basis of preparation of financial statements (Continued)

2.2 New and amended International Financial Reporting Standards (Continued)

- **Annual improvements 2015-2017;** effective from annual periods beginning on or after 1 January 2019. These amendments include minor changes to:
 - IFRS 3, 'Business combinations', – a company remeasures its previously held interest in a joint operation when it obtains control of the business.
 - IFRS 11, 'Joint arrangements', – a company does not remeasure its previously held interest in a joint operation when it obtains joint control of the business.
 - IAS 12, 'Income taxes' – a company accounts for all income tax consequences of dividend payments in the same way.
 - IAS 23, 'Borrowing costs' – a company treats as part of general borrowings any borrowing originally made to develop an asset when the asset is ready for its intended use or sale.
- Amendments to IAS 19, 'Employee benefits' on plan amendment, curtailment or settlement'; effective from annual periods beginning on or after 1 January 2019. These amendments require an entity to:
 - use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
 - recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

2.3. Compliance with TAS

The Group prepared its consolidated financial statements for the period ended 31 March 2018 in accordance with the framework of the Communiqué Serial: II and numbered 14.1 and its related announcements. The consolidated financial statements and its accompanying notes are presented in compliance with the format recommended by CMB, including the mandatory disclosures.

2.4 Presentation and functional currency

The individual financial statements of each group entity are presented in the currency of the primary economic environment in which the entity operates (its functional currency). For the purpose of the consolidated financial statements, the results and financial position of each entity consolidated are expressed in Turkish Lira ("TRY"), which is the functional of the Company and the presentation currency of the Group. The functional currency of the Company's subsidiary, BIM Stores SARL, is Moroccan Dirham ("MAD").

In the consolidated financial statements, MAD amounts presented in the balance sheet are translated into Turkish Lira at the TRY exchange rate for purchases of MAD at the balance sheet date, TRY 1 = MAD 2,3259 amounts in the statement of comprehensive income have been translated into TRY, at the average TRY exchange rate for purchases of MAD, is TRY 1 = MAD 2,3988. Differences that occur by the usage of closing and average exchange rates are followed under currency translation differences classified under equity.

The functional currency of the Company's other subsidiary, BIM Stores LLC is Egyptian Pound ("EGP"). In the consolidated financial statements, EGP amounts presented in the balance sheet and in the statement of comprehensive income are translated into Turkish Lira at the TRY exchange rate for purchase of EGP at the balance sheet date, TRY 1 = EGP 4,4605, at the average TRY exchange rate for purchases of EGP, is TRY 1 = EGP 4,5980. Differences that occur by the usage of closing and average exchange rates are followed under currency translation differences classified under equity.

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

2. Basis of preparation of financial statements (Continued)

2.5 Comparatives and restatement of prior periods' financial statements

The financial statements of the Group for the current period are prepared comparatively with the previous period in order to enable the determination of the financial situation and performance trends. Comparative information is reclassified in the current period in order to comply with the presentation of the financial statements. In the current period, there has been no classification of past turnover.

Basis of consolidation

The consolidated financial statements comprise the financial statements of the parent company BİM and its subsidiaries prepared for the period ended 31 March 2018. Subsidiaries are consolidated from the date on which control is transferred to the Group. The consolidated financial statements cover BİM and the subsidiaries with 100% control.

Subsidiaries are consolidated by using the full consolidation method; therefore, the carrying value of subsidiaries is eliminated against the related shareholders' equity.

Intercompany balances and transactions between BİM and its subsidiaries, including unrealized intercompany profits and losses are eliminated. Consolidated financial statements are prepared using uniform accounting policies for similar transactions and other events in similar circumstances.

Offsetting

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liabilities simultaneously.

Accounting estimates

The preparation of financial statements in accordance with the CMB Accounting Standards require the Group management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Those estimates are reviewed periodically, and as adjustments become necessary, they are reported in income statement in the periods in which they become known.

Significant estimates used in the preparation of these financial statements and the significant judgments with the most significant effect on amounts recognized in the financial statements are mainly related with accounting of employee termination benefits, provision for inventories, revaluation of land and buildings, assessment of economic useful lives of property, plant and equipment and intangibles and provision for income taxes.

2.6. Summary of Significant Accounting Policies

Revenue recognition

Revenue is recognized on accrual basis over the amount obtained or the current value of the amount to be obtained when the delivery is realized, the income can be reliably determined and the inflow of the economic benefits related with the transaction to the Group is reasonably assured. Net sales represent the invoiced value of goods less any sales returns. Retail sales are done generally with cash or credit cards.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

2. Basis of preparation of financial statements (Continued)

2.6. Summary of Significant Accounting Policies (Continued)

Revenue recognition (Continued)

Sales of Goods

Revenue from sale of goods is recognized when all the following conditions are satisfied:

- The Group has transferred to the buyer all the significant risks and rewards of ownership of the goods,
- The Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold,
- The amount of revenue can be measured reliably,
- It is probable that the economic benefits associated with the transaction will flow to the entity, and
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Financial income

Profit shares income from participation banks are recognized in accrual basis.

Dividend income

Dividend income from investments. Dividend payables are recognized in the period that the profit distribution is declared.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash in transit and demand deposits, and other short-term highly liquid investments which their maturities are three months or less from date of acquisition and that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

Trade receivables

Trade receivables comprise trade receivables, credit card receivables and other receivables with fixed or determinable payments and are not quoted in an active market; which have an average maturity of 12 days term (31 December 2017: 11 days) as of balance sheet date are measured at original invoice amount and if they have long term maturity, the imputing interest is netted off and the provision of doubtful receivable is deducted. Trade receivables, net of unearned financial income, are measured at amortized cost, using the effective interest rate method, less the unearned financial income. Short duration receivables with no stated interest rate and credit card receivables are measured at the original invoice. Estimate is made for the doubtful provision when the collection of the trace receivable is not probable. If the amount of the impairment subsequently decreases due to an event occurring after the write-down, the release of the provision is credited to other operating income.

Inventories

Inventories are valued at the lower of cost or net realizable value. Costs comprise purchase cost and, where applicable and those overheads that have been incurred in bringing the inventories to their present location and condition. Cost is determined using the first-in, first-out (FIFO) method.

Rebates which generate from sales from ordinary operations are deducted from cost of inventories and associated with cost of sales.

Net realizable value is the estimated selling price less estimated costs necessary to realize sale.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

2. Basis of preparation of financial statements (Continued)

2.6. Summary of Significant Accounting Policies (Continued)

Property, plant and equipment

All property and equipment is initially recorded at cost. Land and building are subsequently measured at revalued amounts which are the fair value at the date of the revaluation, based on valuations by external independent valuers, less subsequent depreciation for building. Group revaluates the amounts of their lands and buildings every 3 years unless there is a change in the circumstances. All other property and equipment is stated at cost less accumulated depreciation and accumulated impairment loss. When assets are sold or retired, their cost and accumulated depreciation are eliminated from the related accounts and any gain or loss resulting from their disposal is included in the statement of income. On disposal of revalued assets, amounts in revaluation reserves relating to that asset are transferred to retained earnings.

The initial cost of property and equipment comprises its purchase price, including import duties and non-refundable purchase taxes and any directly attributable costs of bringing the asset ready for use. Expenditures incurred after the fixed assets have been put into operation, such as repairs and maintenance, are normally charged to income in the year the costs are incurred. If the asset recognition criteria are met, the expenditures are capitalized as an additional cost of property and equipment.

Increases in the carrying amount arising on revaluation of property are initially credited to revaluation reserve in shareholders' equity net of the related deferred tax. Decreases that offset previous increases of the same asset are charged in other comprehensive income and debited against property and equipment revaluation reserve directly in equity; all other decreases are charged to the income statement.

Depreciation is provided on cost or revalued amount of property and equipment except for land and construction in progress on a straight-line basis. The depreciation periods for property and equipment, which approximate the estimated economic useful lives of such assets, are as follows:

	Duration (Years)
Land improvements	5
Buildings	25
Leasehold improvements	5- 10
Machinery and equipment	4- 10
Vehicles	5- 10
Furniture and fixtures	5- 10

The economic useful life, the present value and the depreciation method are regularly reviewed for possible effects of changes in estimates, the method used and the period of depreciation are closely aligned with the economic benefits to be gained from the related asset and are recognized on a prospective basis.

When a revalued asset is sold, revaluation reserve account is transferred to retained earnings.

CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

2. Basis of preparation of financial statements (Continued)

2.6. Summary of Significant Accounting Policies (Continued)

Intangible assets

Intangible assets which mainly comprise software rights are measured initially at cost. Intangible assets are recognized if it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise; and the cost of the asset can be measured reliably. After initial recognition, intangible assets are measured at cost less accumulated amortization and any accumulated impairment losses. Intangible assets excluding development costs, created within the business are not capitalized and expenditure is charged against profits in the year in which it is incurred. The useful lives of intangible assets are assessed to be either finite or indefinite.

Intangible assets with finite lives are amortized on a straight line basis over the best estimate of their useful lives. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year-end.

Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate, and treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statement of income in the expense category consistent with the function of the intangible asset.

The Group does not have any intangible assets with indefinite useful lives.

The carrying values of intangible assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

Impairment of non-financial assets

The carrying values of assets are reviewed for impairment when events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Whenever the carrying amount of an asset exceeds its recoverable amount, an impairment loss is recognized in the statement of income.

The recoverable amount of property and equipment is the greater of net selling price and value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life while the net selling price is the amount obtainable from the sale of an asset after cost of sales deducted. For the purposes of assessing impairment, assets are grouped by regions which are determined operationally (cash-generating units).

Financial assets

Classification

The group classifies its financial assets in the following categories: loans and receivables, and available for sale. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the end of the reporting period. These are classified as non-current assets. Trade receivables and cash and cash equivalents are classified in this category.

CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

2. Basis of preparation of financial statements (Continued)

2.6. Summary of Significant Accounting Policies (Continued)

Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless the investment matures or management intends to dispose of it within 12 months of the end of the reporting period.

Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade-date the date on which the group commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the income statement. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the group has transferred substantially all risks and rewards of ownership. Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables are subsequently carried at amortised cost using the effective interest method.

Changes in the fair value of monetary and non-monetary financial assets that are recorded as available-for-sale financial assets are recognized in other comprehensive income. Interest on available-for-sale securities calculated using the effective interest method is recognised in the income statement as part of other income. Dividends on available-for-sale equity instruments are recognised in the income statement as part of other income when the group's right to receive payments is established.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

Recognition and derecognition of financial assets and liabilities

The Group recognizes a financial asset or financial liability in its balance sheet when only when it becomes a party to the contractual provisions of the instrument. The Group derecognizes a financial asset or a portion of it only when the control on rights under the contract is discharged. The Group derecognizes a financial liability when the obligation under the liability is discharged or cancelled or expires.

All the normal sales or purchase transactions of financial assets are recorded at the transaction date that the Group guaranteed to purchase or sell the financial asset. These transactions generally require the transfer of financial asset in the period specified by the general conditions and the procedures in the market.

All regular way financial asset purchase and sales are recognized at the date of the transaction, the date the Group committed to purchase or sell.

Impairment of financial assets

The Group assesses at each balance sheet date whether a financial asset is impaired.

CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

2. Basis of preparation of financial statements (Continued)

2.6. Summary of Significant Accounting Policies (Continued)

Assets carried at amortized cost

If there is objective evidence that an impairment loss on assets carried at amortized cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future expected credit losses that have not been incurred) discounted at the financial asset's original effective interest rate.

The carrying amount of the asset is reduced through use of an allowance account. The amount of the loss is recognized in the consolidated statement of income.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, the previously recognized impairment loss is reversed, to the extent that the carrying value of the asset does not exceed its amortized cost at the reversal date.

Provision for impairment is provided when there is an objective evidence of uncollectibility of trade receivables. Reserve is provided for the overdue uncollectible receivables. Also portfolio reserve is provided for the not due receivables based on certain criteria. The carrying amount of the receivable is reduced through use of an allowance account.

When securities classified as available for sale are sold or impaired, the accumulated fair value adjustments recognised in equity are included in the income statement as 'Gains and losses from investment securities'.

Trade payables

Trade payables which generally have an average of 54 days term (31 December 2017: 53 days) are initially recorded at original invoice amount and carried at amortized cost less due date expense. Due date expense is accounted for under cost of sales. This amount is the fair value of consideration to be paid in the future for goods and services received, whether or not billed.

Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset shall be capitalized as part of the cost of that asset. Such borrowing costs are capitalized as part of the cost of the asset when it is probable that they will result in future economic benefits to the entity and the costs can be measured reliably. Other borrowing costs are recognized as an expense in the period in which they are incurred.

Foreign currency transactions

Transactions in foreign currencies during the period have been translated at the exchange rates prevailing at the dates of such transactions. Exchange rate differences arising on reporting monetary items at rates different from those at which they were initially recorded or on the settlement of monetary items or are recognized in the comprehensive income statement in the period in which they arise.

Foreign currency conversion rates used by the Group for the related period ended are as follows:

	USD/TRY (full)	EUR/TRY (full)
31 March 2018	3,9489	4,8673
31 December 2017	3,7719	4,5155

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

2. Basis of preparation of financial statements (Continued)

2.6. Summary of Significant Accounting Policies (Continued)

Earnings per share

Earnings per share are determined by dividing net income by the weighted average number of shares that have been outstanding during the period concerned. The weighted average number of shares outstanding during the year has been adjusted in respect of free shares issued without corresponding increase in resources

In Turkey, companies can raise their share capital by distributing "Bonus Shares" to shareholders from retained earnings. In computing earnings per share, such "Bonus Share" distributions are assessed as issued shares. Accordingly, the retrospective effect for those share distributions is taken into consideration in determining the weighted-average number of shares outstanding used in this computation.

Events after balance sheet date

Post year/period-end events that provide additional information about the Group's position at the balance sheet date (adjusting events), are reflected in the financial statements. Post year/period-end events that are not adjusting events are disclosed in the notes when material.

Provisions, contingent assets and contingent liabilities

i) Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as interest expense.

ii) Contingent assets and liabilities

A contingent asset is not recognised in the financial statements but disclosed when an inflow of economic benefits is probable. Contingent liabilities are not recognised in the financial statements but they are disclosed only, unless the possibility of an outflow of resources embodying economic benefits is probable.

Leases

Operating leases

Leases where the lessor retains substantially all the risks and benefits of ownership of the asset are classified as operating leases. Operating lease payments are recognized as an expense in the statement of income on a straight-line basis over the lease term.

Related parties

- a) A person or a close member of that person's family is related to a reporting entity if that person:
 - i) has control or joint control over the reporting entity,
 - ii) has significant influence over the reporting entity, or,
 - iii) is a member of the key management personnel of the reporting entity or of a parent of the reporting entity.

2. Basis of preparation of financial statements (Continued)

2.6. Summary of Significant Accounting Policies (Continued)

b) An entity is related to a reporting entity if any of the following conditions applies:

- i) The entity and the reporting entity are members of the same group,
- ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member),
- iii) Both entities are joint ventures of the same third party,
- iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity,
- v) The entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity. If the reporting entity is itself such a plan, the sponsoring employers are also related to the reporting entity,
- vi) The entity is controlled or jointly controlled by a person identified in (a),
- vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

Income taxes

Current Income Taxes and Deferred Tax

The tax expense for the period comprises current and deferred tax. Tax is recognized in the statement of income, except to the extent that it relates to items recognized directly in equity or other comprehensive income. In such case, the tax is recognized in shareholders' equity or other comprehensive income.

The current period tax on income is calculated for the Group's subsidiaries, associates and joint ventures considering the tax laws that are applicable in the countries where they operate.

Deferred tax liability or asset is recognized on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases which are used in the computation of taxable profit. However, deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates and tax regulations that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

The main temporary differences are from the time differences between carrying amount of tangible assets and their tax base amounts, the available expense accruals that are subject to tax and tax allowances that are not utilized.

Deferred tax liabilities are recognized for all taxable temporary differences, where deferred tax assets resulting from deductible temporary differences are recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary difference can be utilized.

When the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority and there is a legally enforceable right to set off current tax assets against current tax liabilities, deferred tax assets and deferred tax liabilities are offset accordingly.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

2. Basis of preparation of financial statements (Continued)

2.6. Summary of Significant Accounting Policies (Continued)

Statement of Cash Flows

The Group prepares statements of cash flows as an integral part of its of financial statements to enable financial statement analysis about the change in its net assets, financial structure and the ability to direct cash flow amounts and timing according to evolving conditions. Cash flows include those from operating activities, working capital, investing activities and financing activities.

Cash flows from operating activities represent the cash flows generated from the Group's activities. Cash flows related to investing activities represent the cash flows that are used in or provided from the investing activities of the Group (fixed investments and financial investments).

Cash flows arising from financing activities represent the cash proceeds from the financing activities of the Group and the repayments of these funds.

Employee Benefits

a) Defined benefit plans:

In accordance with existing social legislation in Turkey, the Company is required to make lump-sum termination indemnity payments to each employee who has completed over one year of service with the Company and whose employment is terminated due to retirement or for reasons other than resignation or misconduct. As detailed in Note 14, the employee benefit liability is provided for in accordance with TAS 19 "Employee Benefits" and is based on an independent actuarial study.

Actuarial gains and losses that calculated by professional actuaries, are recognized in the actuarial gain/loss fund regarding employee termination benefits in the equity. Recognized gains and losses shall not be transferred to comprehensive statement of income in the following periods. Reserve for employee termination benefits is recognized to financial statements that calculated with the discount rate estimated by professional actuarial.

b) Unused vacation

Unused vacation rights accrued in the consolidated financial statements represents estimated total provision for potential liabilities related to employees' unused vacation days as of the balance sheet date..

3. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision makers of the Group. The chief operating decision makers, who are responsible for allocation resources and assessing performance of the operating segments, have been identified as the senior management that makes strategic decisions.

The senior management of the Group makes strategic decisions as a whole over the operations of the Group as the Group operates in a single industry and operations outside Turkey do not present an important portion in overall operations. Based on those reasons, there is a single reportable segment in accordance with the provisions in TFRS 8 and segment reporting is not applicable.

4. Cash and cash equivalents

	31 March 2018	31 December 2017
Cash on hand	131.700	183.359
Banks		
- demand deposits	141.412	173.896
- profit share deposits	648.178	510.758
Cash in transit	113.157	112.365
	1.034.447	980.378
Less: Accrual for profit share	(6.707)	(6.672)
Cash and cash equivalents for cash flow	1.027.740	973.706

As of 31 March 2018 and 31 December 2017 there is no restricted cash. As of 31 March 2018 and 31 December 2017, total profit share deposits are in full TRY and the gross rate for profit share from participation banks for TRY is gross 11.39% per annum (31 December 2017: gross 10.71% per annum) and average maturity is 69 days (31 December 2017: 69 days). Since the profit share deposits are not used for investment purposes by the Group, are readily convertible to a known amount of cash and be subject to an insignificant risk of changes in value, profit share deposits are classified as cash and cash equivalents.

5. Financial assets

Financial investments amounting to TRY 309.731 as of 31 March 2018 are detailed below: (31 December 2017: TRY 309.731):

a) Subsidiaries

The details of subsidiaries and associates' financial investment of the Group are as below:

Name of subsidiary	Share (%)	31 March 2018	31 December 2017
İdeal Standart İşletmecilik ve Mümessillik San. ve Tic. A.Ş. ("İdeal Standart") (*)	100	12.590	12.590
		12.590	12.590

(*) İdeal Standart is carried at cost with the consideration of possible value and the financial results are not included in the scope of consolidation since the Group does not have any significant effect on the financial results of the Group; as of 31 March 2018, the total assets and liabilities of the current period are not more than 1% of the total assets and ceiling of the Group in the current year.

b) Available-for-sale financial assets

The details of available-for-sale financial assets and fair values of the Group are as below:

Name of subsidiary	Share (%)	31 March 2018	31 December 2017
FLO Mağazacılık ve Pazarlama A.Ş. (*)	11,5	297.141	297.141
		297.141	297.141

(*) As of 31 March 2018 the fair value of available-for-sale financial asset is calculated by an independent valuation company by using discounted cash flow analysis method with the discount rate used as 18.1% and growth rate used as 5.7%. The netoff deferred tax amount of increase in fair value of available-for-sale financial asset which is amounting to TRY116.302 is shown net under "Fair Value Changes in Available-For-Sale Financial Assets" in other comprehensive income.

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

6. Financial liabilities

None (31 December 2017: None).

7. Trade receivables and payables

a) Trade receivables, other parties, net

	31 March 2018	31 December 2017
Credit card receivables	939.167	877.380
	939.167	877.380

As of 31 March 2018 the average term of credit card receivables is 12 days (31 December 2017: 11 days).

b) Trade payables, other parties, net

	31 March 2018	31 December 2017
Trade payables	3.198.326	3.042.960
Unincurred rediscount expense (-)	(26.587)	(22.493)
	3.171.739	3.020.467

As of 31 March 2018 the average term of trade payables is 54 days (31 December 2017: 53 days). As of 31 March 2018 letters of guarantee and cheques are amounting to TRY83.754 and mortgages are amounting to TRY34.654 (31 December 2017: TRY76.105 letters of guarantee and cheques, TRY40.601 mortgages).

8. Other receivables

a) Other receivables from related parties

	31 March 2018	31 December 2017
Receivables from related parties	84.941	25.069
	84.941	25.069

b) Other receivables from other parties

	31 March 2018	31 December 2017
Other receivables	20.853	21.396
Doubtful receivables	439	425
Less: Allowance for doubtful receivables	(439)	(425)
	20.853	21.396

As of 31 March 2018 and 31 December 2017, the Group does not have any overdue receivables except for doubtful receivables.

Current period movement of allowance for doubtful receivables is as follows:

	31 March 2018	31 March 2017
Balance at the beginning of the period - 1 January	425	445
Allowance for doubtful receivables	14	9
Collection in current period	-	(7)
Balance at the end of the period - 31 March	439	447

	3.007.139	119.908	(9.105)	-	10.071	3.128.013
Less : Accumulated depreciation:						
Land improvements	(5.712)	(314)	-	-	-	(6.026)
Buildings	(28.110)	(7.863)	1	-	(6)	(35.978)
Leasehold improvements	(265.211)	(15.780)	1.078	-	(1.720)	(281.633)
Machinery and equipment	(348.280)	(19.251)	2.168	-	(1.537)	(366.900)
Vehicles	(72.235)	(6.465)	2.208	-	(237)	(76.729)
Furniture and fixtures	(196.767)	(9.537)	941	-	(301)	(205.664)
	(916.315)	(59.210)	6.396	-	(3.801)	(972.930)
Net book value	2.090.824					2.155.083

Depreciation expense amounting to TRY70.890 (1 January - 31 March 2017: TRY54.778) were accounted for in marketing expenses and TRY5.695 (1 January - 31 March 2017: TRY4.432) in general and administrative expenses for the period 1 January – 31 March 2018. The land and buildings were revalued and reflected to financial statements with their fair value. The book values of such assets were adjusted to the revalued amounts and the resulting surplus net of deferred income tax was credited to revaluation surplus in the equity. The revaluation surplus is not available for distribution to shareholders.

Had the revalued assets been carried at cost less accumulated depreciation, the carrying amounts of land and buildings would have been as follows as of 31 March 2018 and 31 December 2017, respectively:

	Land and building	
	31 March 2018	31 December 2017
Cost	985.892	963.808
Accumulated depreciation	(147.966)	(135.052)
	837.926	828.756

Fair values of land and buildings

An independent valuation of the group's land and buildings was performed by valuers to determine the fair value of the land and buildings as at 31 December 2017. The revaluation surplus, as of 31 March 2018 net of applicable deferred income taxes was credited to other comprehensive income and is shown in 'property and equipment revaluation reserve' in shareholders equity. The fair value of non-financial assets by valuation method is calculated by inputs observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).

Valuation techniques used to derive level 2 fair values

Sale or purchase costs or tax deductions are not taken into account in assumption of Level 2 fair value of land and buildings. The most common valuation techniques used is market comparable method, and for some land and buildings cost and income approach including discounted cash flow analysis are also used. Comparable value per square meter is determined based on assumptions such as bargaining share and adjustment for location in market comparable method.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

10. Property, plant and equipment (Continued)

Market comparable method

A property's fair value is estimated based on comparison of sales and market data of similar or comparable properties. The revaluated property is compared with the sales of similar properties in the market or asked price and bid price.

Discounted cash flow method

Value assumption is conducted through discount method by taking into account the data of expenditure and revenue belong to the revaluated property. The reduction is associated with value and revenue converting the amount of revenue to value assumption. Either the ratio of proceeds or/and discount should be taken into consideration. Within this approach, Direct Capitalization of Income and Cash Flow Analysis are applied predominantly. During the application of Direct Capitalization of Income, rental data belong to the similar real estate in the same region where the property based in has been used. Unless enough data for probable ratio of capitalization is attained, the method aforementioned has not been applied on.

Cost approach

Instead of purchase of property, the probability of construction of the same of the property or another property provides the same benefit is taken into account. In practice the estimated value includes the amortization of old and less functional properties in case new one's cost exceeds the potential price to be paid for revaluation of the property.

It determines how transaction will be traded in the market and the approach and methods will be used in estimation of fair value of land and building. Sales prices of comparable land and buildings in close proximity are adjusted for differences in key attributes such as property size. The most significant input into the valuation approach is price per square meter.

In the market comparable method, one of the methods applied during the valuation, room for negotiation has been considered and reconciliation has done for the positive and negative features of property with respect to the precedents.

Valuation processes of the group

The Group's finance department reviews the fair value of land and buildings for reporting purposes. On an annual basis, the Group engages external, independent and CMB licensed valuation firm.

Revaluations are performed with sufficient regularity to ensure that the fair value of a revalued asset does not differ materially from its carrying amount as of balance sheet date. Group revalues the amount of their lands and buildings every 3 years unless there is a change in the circumstances. The valuation of land and buildings was performed as of 31 December 2017.

The fair values of the land and buildings (administrative building, warehouses and stores) of the Group have been determined by a real estate appraisal company who has CMB license, holds a recognised and relevant professional qualification and has recent experience in the location and category of the the land and buildings.

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

14. Employee termination benefits

	31 March 2018	31 December 2017
Provision for employee termination benefits	100.731	99.142
	100.731	99.142

The amount payable consists of one month's salary limited to a maximum of TRY 5.001,76 for each period of service as of 31 March 2018 (31 December 2017: TRY 4.732,48). The retirement pay provision ceiling is revised semi-annually, and TRY5.001,76 which is effective from 1 January 2018, is taken into consideration in the calculation of provision for employment termination benefits (effective from 1 January 2017: TRY4.426,16). Liability of employment termination benefits is not subject to any funding as there is not any obligation. Provision is calculated by estimating the present value of the future probable obligation of the Group arising from the retirement of the employees. TAS 19 "Employee Benefits" requires actuarial valuation methods to be developed to estimate the Group's obligation under the defined benefit plans. The following actuarial assumptions are used in the calculation of the total liability. Actuarial loss/ (gain) is accounted in the statement of comprehensive income under "Actuarial gain/loss from defined benefit plans".

The principal assumption is that the maximum liability for each year of service will increase in line with inflation. Thus, the discount rate applied represents the expected real rate after adjusting for the anticipated effects of future inflation. Consequently, in the accompanying consolidated financial statements as of 31 March 2018 and 31 December 2017 the provision is calculated by estimating the present value of the future probable obligation of the Group arising from the retirement of the employees. Provisions at the balance sheet date were calculated by using real discount rate of 4,72% by assuming an annual inflation rate of 6,0% and a discount rate of 11,0% (31 December 2017: %6 and 11%). The anticipated rate of forfeitures that occurred on voluntary turnovers is considered.

The following tables summarize the components of net benefit expense recognized in the comprehensive statement of income and amounts recognized in the balance sheet:

	1 January - 31 March 2018	1 January - 31 March 2017
Current service cost (Note 19)	4.622	3.157
Financial expense of employee termination benefit (Note 22)	2.380	1.887
Total	7.002	5.044

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

16. Equity (Continued)

b) Restricted reserves and retained earnings

The legal reserves consist of first and second legal reserves, per the Turkish Commercial Code (TCC). The TCC stipulates that the first legal reserve is appropriated out of net statutory profits at the rate of 5% per annum, until the total reserve reaches 20% of the Company's historical paid-in share capital. The second legal reserve is appropriated at the rate of 10% per annum of all cash distributions in excess of 5% of the historical paid-in share capital. Under TCC, the legal reserves are not available for distribution unless they exceed 50% of the historical paid-in share capital but may be used to offset losses in the event that historical general reserve is exhausted.

The statutory accumulated profits and statutory current year profit are available for distribution, subject to the reserve requirements referred to above and Turkish Capital Market Board (CMB) requirements related to profit distribution.

Listed companies distribute dividend in accordance with the Communiqué No. II-19.1 issued by the CMB which is effective from 1 February 2014.

Companies distribute dividends in accordance with their dividend payment policies settled and dividend payment decision taken in general assembly and also in conformity with relevant legislations. The communiqué does not constitute a minimum dividend rate. Companies distribute dividend in accordance with the method defined in their dividend policy or articles of incorporation. In addition, dividend can be distributed by fixed or variable instalments and advance dividend can be paid in accordance with profit on financial statements of the Company.

In accordance with the Turkish Commercial Code (TCC), unless the required reserves and the dividend for shareholders as determined in the article of association or in the dividend distribution policy of the company are set aside, no decision may be made to set aside other reserves, to transfer profits to the subsequent year or to distribute dividends to the holders of usufruct right certificates, to the members of the board of directors or to the employees, and no dividend can be distributed to these persons unless the determined dividend for shareholders is paid in cash.

Dividend distribution policy of the Company is in line with the CMB Law numbered 6362 dated 30 December 2012.

Inflation adjustment to shareholders' equity and book value of extraordinary reserves can be used as an internal source in capital, dividend distribution in cash or net-off against prior years' loss. In case the inflation adjustment to shareholders' equity is used for dividend distribution in cash, the distribution is subject to corporate tax.

FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

24. Tax assets and liabilities

As of 31 March 2018 and 31 December 2017, provision for taxes of the Group is as follows:

	31 March 2018	31 December 2017
Current income tax liabilities	73.177	214.182
Current tax assets (Prepaid taxes)	(3.378)	(174.182)
Corporate tax payable	69.799	40.000

In Turkey, as of 31 March 2018, corporate tax rate is 22% (31 December 2017: 20%). Corporate tax returns are required to be filed by the twenty-fifth day of the fourth month following the balance sheet date and taxes must be paid in one instalment by the end of the fourth month. The tax legislation provides for a temporary tax of 22% to be calculated and paid based on earnings generated for each quarter. The amounts thus calculated and paid are offset against the final corporate tax liability for the year.

In Morocco, as of 31 March 2018 the corporate tax rate is 30% (31 December 2017: 30%) where the consolidated subsidiary of the Company, BIM Stores SARL operates. In Egypt, as of 31 March 2018 the corporate tax rate is 22.5% (31 December 2017: 22.5%) where the consolidated subsidiary of the Company, BIM Stores LLC operates.

There is no taxable temporary differences related with the consolidated subsidiaries for which the Company recognised deferred tax liability (31 December 2017: None).

Corporate tax losses can be carried forward for a maximum period of 5 years following the year in which the losses were incurred. The tax authorities can inspect tax returns and the related accounting records for a retrospective maximum period of five years.

15% withholding tax rate applies to dividends distributed by resident corporations resident real persons except for, those who are not liable to income and corporation tax, non-resident real persons, non-resident corporations. Dividend distribution by resident corporations to resident corporations is not subject to a withholding tax. Furthermore, in the event the profit is not distributed or included in capital, no withholding tax shall be applicable.

In addition, if the profit is not distributed or added to the capital, the income tax is not calculated.

In accordance with the regulation numbered 7061, published in Official Gazette on 5 December 2017, "Law on the Amendment of Certain Tax Laws and Some Other Laws", corporate tax rate for the years 2018, 2019 and 2020 has increased from 20% to 22%. Therefore, deferred tax assets and liabilities as of 31 March 2018 are calculated with 22% tax rate for the temporary differences which will be realized in 2018, 2019 and 2020, and with 20% tax for those which will be realized after 2021 and onwards.

As of 31 March 2018 and 31 December 2017, temporary differences based for deferred tax and deferred tax asset and liability calculated by using applicable tax rates are as follows:

	Balance sheet		Comprehensive income	
	31 March 2018	31 December 2017	1 January - 31 March 2018	1 January - 31 March 2017
<i>Deferred tax liability</i>				
Tangible and intangible assets, except the effect of revaluation effect	55.597	56.335	(738)	17.453
The effect of the revaluation of land and buildings	107.657	107.657	-	-

FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

26. Related party disclosures (Continued)

- ii) For the periods ended 31 March 2018 and 2017 salaries, bonuses and compensations provided to board of directors and key management comprising of 143 and 133 personnel, respectively, are as follows

	1 January - 31 March 2018	1 January - 31 March 2017
Short-term benefits to employees	18.944	14.507
Long-term defined benefits	3.798	3.564
Total benefits	22.742	18.071

27. Financial instruments and financial risk management

The Group is exposed to a variety of financial risks, including the effects of changes in debt and equity market prices, foreign currency exchange rates and profit share rates. These risks are market risk (including foreign currency risk and profit share rate risk), credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance of the Group.

The Group's principal financial instruments comprise cash and short-term interest free bank loans. The main purpose of using these financial instruments is to raise finance for the Group's operations. The Group has other financial instruments such as trade receivables and payables which arise directly from its operations. The Group manages its capital through cash provided by its operations and review of the maturities of the trade payables.

Price risk

Price risk is a combination of foreign currency, profit share and market risk. The Group naturally manages its price risk by matching the same foreign currency denominated receivable and payables and assets and liabilities bearing profit share. The Group closely monitors its market risk by analysing the market conditions and using appropriate valuation methods.

Profit share rate risk

The Group does not have material profit share rate sensitive asset. The Group's income and cash flows from operations are independent from profit share rate risk.

The Group's profit share rate risk mainly comprises of outstanding short-term borrowings in the prior period. The Group's forthcoming loans in order to continue its operating activities are effected from forthcoming profit share ratios.

Profit share rate position table

According to TFRS 7 "Financial Assets", the profit share rate position of the Group is as follows:

Profit share position table		Current period	Previous period
Financial assets	Fixed profit share bearing financial instruments	648.178	510.758
	Profit share deposits	648.178	510.758
Financial liabilities			-
Financial assets	Variable profit share bearing financial instruments	-	-

FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

27. Financial instruments and financial risk management (Continued)

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Since the Group is engaged in the retail sector and transactions are mainly on a cash basis or has 1 month maturity credit card collections, the exposure to credit and price risk is minimal.

Credit risk table (Current period – 31 March 2018)

	Credit card receivables		Other receivables		Deposit in bank		Financial assets	
	Related party	Other party	Related party	Other party	Related party	Other party	Related party	Other party
Maximum credit risk exposures as of report date (A+B+C+D+E)	-	939.167	84.941	20.853	-	789.590	309.731	-
- Maximum risk secured by guarantees etc.	-	-	-	-	-	-	-	-
A. Net book value of financial assets neither overdue nor impaired	-	939.167	84.941	20.853	-	789.590	309.731	-
B. Net book value of financial assets that are renegotiated, if not that will be accepted as past due or impaired	-	-	-	-	-	-	-	-
C. Carrying value of financial assets that are past due but not impaired	-	-	-	-	-	-	-	-
- The part under guarantee with collateral etc.	-	-	-	-	-	-	-	-
D. Net book value of impaired assets	-	-	-	-	-	-	-	-
- Past due (gross carrying amount)	-	-	-	439	-	-	-	-
- Impairment	-	-	-	(439)	-	-	-	-

BİM BİRLEŞİK MAĞAZALAR A.Ş. NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

27. Financial Instruments and Financial Risk Management (Continued)

There is an insignificant amount of foreign currency denominated assets and liabilities so the Company does not use derivative financial instruments or future contracts to reduce the risk of foreign currency.

Foreign currency position

As of 31 March 2018 and 31 December 2017, the Group's foreign currency position is as

	31 March 2018				31 December 2017			
	TRY equivalent	USD	Euro	GBP	TRY equivalent	USD	Euro	GBP
1. Trade receivables	-	-	-	-	-	-	-	-
2a. Monetary financial assets (including cash, banks accounts)	33.015	8.317.167	25.930	8.077	12.423	3.145.291	113.557	9.102

9- GBP net effect (7+8)	5	(5)	-	-
Total (3+6+9)	1.222	(1.222)	-	-

Liquidity risk

Prudent liquidity risk management includes maintaining sufficient cash and marketable securities, the availability of funding from an adequate amount of committed credit facilities and the ability to close out market positions.

The ability to fund existing and prospective debt requirements is managed by maintaining the availability of adequate committed funding lines from high quality lenders.

FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

27. Financial Instruments and Financial Risk Management (Continued)

As of 31 March 2018 and 31 December 2017, maturities of undiscounted trade payables and financial liabilities of the Group are as follows:

31 March 2018

Contractual maturities	Book value	Total cash outflow	Less than 3 months	3 -12 months	1 - 5 years	More than 5 years
Non derivative financial liabilities						
Trade payables	3.171.739	3.198.326	3.198.326	-	-	-
Due to related parties	392.461	395.686	395.686	-	-	-

31 December 2017

Contractual maturities	Book value	Total cash outflow	Less than 3 months	3 -12 months	1 - 5 years	More than 5 years
Non derivative financial liabilities						
Trade payables	3.020.467	3.042.960	3.042.960	-	-	-
Due to related parties	356.137	358.727	358.727	-	-	-

Capital risk management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The Group monitors capital on the basis of the gearing ratio. Net debt is calculated as total liabilities less cash and cash equivalents.

The gearing ratios at 31 March 2018 and 31 December 2017 are as follows:

	31 March 2018	31 December 2017
Total liabilities	4.133.383	4.067.795
Less: Cash and cash equivalents	(1.034.447)	(980.378)
Net debt	3.098.936	3.087.417
Total equity	3.200.582	2.957.880
Total equity+net debt	6.299.518	6.045.297
Net debt/(Total equity+net debt) (%)	49	51

FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

28. Financial instruments (fair value disclosures and disclosures in the frame of hedge accounting)

Fair value estimation

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (Level 3).

The following table presents the group's financial assets and liabilities that are measured at fair value at 31 March 2018 and 31 December 2017. See note 10 for disclosures of the land and buildings that are measured at fair value (Note 10).

31 March 2018	Level 1	Level 2	Level 3	Total
Available for sale financial assets				
Retail industry	-	297.141	-	297.141
Total assets	-	297.141	-	297.141
31 December 2017	Level 1	Level 2	Level 3	Total
Available for sale financial assets				
Retail industry	-	297.141	-	297.141
Total assets	-	297.141	-	297.141

There were no transfers between levels during period.

(a) Financial instruments in level 2

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED
FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH**

BİM BİRLEŞİK MAĞAZALAR A.Ş.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE INTERIM PERIOD 1 JANUARY - 31 MARCH 2018

(Amounts expressed in thousands of Turkish Lira ("TRY") unless otherwise stated and all other currencies are expressed in full amounts unless otherwise stated.)

**28. Financial instruments (fair value disclosures and disclosures in the frame of hedge accounting)
(Continued)**

Specific valuation techniques used to value financial instruments include:

- Quoted market prices or dealer quotes for similar instruments,
- The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves,
- The fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date, with the resulting value discounted back to present value,
- Other techniques, such as discounted cash flow analysis, are used to determine fair value for the remaining financial instruments.

As of 31 March 2018 and 31 December 2017, except for the available for sale financial assets disclosed in Note 5, the fair values of certain financial assets carried at cost including cash and cash equivalents profit share accruals and other short term financial assets are considered to approximate their respective carrying values due to their short-term nature. The carrying value of trade receivables along with the related allowance for unearned income and uncollectibilities are estimated to be their fair values.

- Financial liabilities

Financial liabilities of which fair values approximate their carrying values:

Fair values of trade payables and other monetary liabilities are considered to approximate their respective carrying values due to their short-term nature. The bank borrowings are stated at their amortized costs and transaction costs are included in the initial measurement of loans and bank borrowings. The fair value of bank borrowings with variable rates are considered to approximate their respective carrying values since the profit share rate applied to bank loans and borrowings are updated periodically by the lender to reflect active market price quotations. The carrying value of trade payables along with the related allowance for unrealized cost is estimated to be their fair values.

29. Events after balance sheet date

None.

.....
