Information about the conditions of transactions to be done with related party and conformity of these operations with market requirements

Our company supplies LPG both from abroad and domestically. One of our domestic suppliers is Tüpraş A.Ş, pioneering refinery in Turkey.

Tüpraş has to fix the prices of its products according to the “closest attainable free market conditions” in line with the 10th Article of Petroleum Market Law and also in accordance with the Methodology of Fuel Ceiling Price which is reported to EMRA within the frame of Fuel Market Pricing Regulation. Within this framework, our Company’s purchases are performed within the terms and the pricing mechanism, which all other LPG companies who purchase from Tüpraş are subject to.

A purchase at the amount of 4,051,228 thousand TL (this amount corresponds to 6.8% of total cost of sales of 2023) has been performed in 2023 between our Company and the related Türkiye Petrol Rafinerileri A.Ş. The pricing in the said purchase transactions is also compared with other LPG suppliers of our Company and is determined through the comparison of equality method.

Even though the said purchasing transactions are realized below the 10% limit in 2023, they are expected to exceed 10% limit in 2024 in line with previous years.

Related party transactions that are expected to exceed 10% limit is projected to be made with Türkiye Petrol Rafinerileri A.Ş. for the accounting period of 01.01.2024-31.12.2024, and the summary information regarding these transactions are provided in the below table.
