REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL STATEMENTS

To the Board of Directors of
Koza Altın İşletmeleri Anonim Şirketi

Introduction

We have reviewed the accompanying interim condensed statement of financial position of Koza Altın İşletmeleri Anonim Şirketi (the Company) as of June 30, 2021 and the interim condensed statement of profit or loss and other comprehensive income, statement of changes in equity and the statement of cash flows for the six-month period then ended, and explanatory notes. Company management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with Turkish Accounting Standard 34, Interim Financial Reporting (TAS 34). Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of Review

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review of interim financial information is substantially less in scope than an audit conducted in accordance with Independent Auditing Standards and the objective of which is to express an opinion on the financial statements. Consequently, a review of the interim financial information does not provide assurance that the audit firm will be aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

- 1) As explained in detail in note 9, pursuant to the decision of the Ankara 5th Criminal Court of Peace dated October 26, 2015, the management of the Company was transferred to the Board of Trustees and then to the Savings Deposit Insurance Fund ("SDIF") on September 22, 2016 and various examinations and studies are continuing before the Company by the Prosecutor's Office, the Police Financial Crimes Branch and the CMB as of the balance sheet date. Regarding the reports that will constitute the basis of the relevant decision and the status of the ongoing legal process, we could not obtain sufficient and appropriate audit evidence as to whether any correction is required in the financial statements of the Company.

- 2) As explained in detail in Note 4, the control over the Company's UK-based subsidiary Koza Ltd was lost as a result of the General Meeting of the company on September 11, 2015 and its registration in England on November 2, 2015. The legal process initiated by the CMB regarding loss of control pursuant to its decision dated February 4, 2016 continues as of the date of this report. Due to the fact that the Company could not present the fair value determination work to be done in accordance with the provisions of TFRS 9 - Financial Instruments Standard, since the shares of the Company are accounted as financial assets and TFRS 10 - Consolidated Financial Statements Standard after loss of control, we could not obtain sufficient appropriate audit evidence as to whether any adjustments to the financial statements are necessary.

Emphasis of Matter

We draw attention to Note 19 explaining that the independently audited financial statements of the Company for the years ended December 31, 2016, 2017, 2018, 2019 and 2020 were approved and published by the Board of Directors with the resolutions dated April 24, 2018, April 30, 2018, February 28, 2019, February 27, 2020 and March 1, 2021 respectively by excluding the possible cumulative reflections of the works and transactions belonging to the previous financial periods on the tables in accordance with the provisions of Article 401/4 of the Turkish Commercial Code No. 6102 ("TCC"). Independently audited financial statements for the year ended December 31, 2015, on the other hand, were not approved by the Board of Directors in accordance with the provisions of Article 401/4 of the TCC. Ordinary general assembly meetings of the Company for the years 2015, 2016, 2017, 2018, 2019 and 2020 could not be held due to the reasons stated in the paragraph of the basis for qualified conclusion and the financial statements of the relevant periods could not be submitted to the approval of the General Assembly. However, this issue does not affect the result announced by us.

Qualified Conclusion

Based on our review, with the exception of the matters described in the Basis for Qualified Conclusion paragraph, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with TAS 34.

(All amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise indicated.)

1. Company's organization and nature of the operations

Koza Altın İşletmeleri A.Ş. ("Koza Altın" or the "Company") was established on September 6, 1989 under the name of Eurogold Madencilik A.Ş. for the operation of the gold mine in Ovacık-Bergama, İzmir. Its name was changed to Normandy Madencilik A.Ş. ("Normandy Madencilik") with regard to the purchase of all shares of Eurogold Madencilik A.Ş. by Normandy Mining Ltd.

The name of the Company was registered as Koza Altın İşletmeleri A.Ş. on August 29, 2005 after ATP İnşaat ve Ticaret A.Ş. ("ATP"), a subsidiary of Koza İpek Holding A.Ş. ("Koza İpek Holding") acquired all shares of Normandy Madencilik from Autin Investment on March 3, 2005.

As of June 30, 2021, including the stocks traded in Borsa İstanbul ("BIST"), 45.01% of the Company's shares owned by ATP and 24.99% owned by Koza İpek Holding (December 31, 2020: 45.01% owned by ATP and 24.99% by Koza İpek Holding), the Company management was transferred to the Board of Trustees, pursuant to the decision of Ankara 5th Criminal Court of Peace, dated October 26, 2015, and subsequently transferred to the Savings Deposit Insurance Fund ("SDIF") on September 22, 2016. As of June 30, 2021, shares corresponding to 30% of the Company's shares (December 31, 2020: 30%) are traded on BIST.

Within the scope of the investigations initiated throughout the country, a trustee has been appointed to the Koza Altın İşletmeleri A.Ş. management pursuant to the decision of the Ankara 5th Criminal Judgeship of Peace dated October 26, 2015.

As of this date, all the authorities of the management have been transferred to the trustees appointed to the management of Koza Altın İşletmeleri A.Ş. and it has been decided to establish new management by these trustees.

With the Decree Law No. 674 on Making Some Regulations under the State of Emergency ("Decree") published on September 1, 2016, it was decided to transfer all the powers previously given to the trustees assigned to companies by the courts to the Savings Deposit Insurance Fund ("SDIF"). In this context, on September 22, 2016, it has decided to terminate all the powers given to the trustees assigned to Koza Altın İşletmeleri A.Ş. on the basis of the article 19/1 of the aforementioned Decree and transfer Koza Altın İşletmeleri A.Ş. to the SDIF.

The Company's financial statements for the years ended December 31, 2016, 2017, 2018, 2019 and 2020 have been approved by the Board of Directors with the board decisions dated April 24, 2018, April 30, 2018, February 28, 2019, February 27, 2020 and March 1, 2021 respectively and published by excluding the possible cumulative effects of the works and transactions belonging to the previous financial periods, whose judgment process continues, in accordance with the provisions of Article 401/4 of the Turkish Commercial Code No. 6102 ("TCC"). Audited financial statements for the year ended December 31, 2015 were not approved by the Board of Directors in accordance with the provisions of Article 401/4 of the TCC. Ordinary general assembly meetings of the Company for the years 2015, 2016, 2017, 2018, 2019 and 2020 as explained in detailed in Note 9, could not be carried out due to various examinations and works by the Prosecutor's Office, the Police Financial Crimes Branch and the CMB, and these financial statements of the Company could not be submitted to the approval of the General Assembly.

The main activities of the Company are operating seven mines in five regions which are Ovacık-Bergama-İzmir, Çukuralan-İzmir, Kaymaz-Eskişehir, Mastra- Gümüşhane and Himmetdede-Kayseri, searching for gold mines generally in Turkey regions and improving the mine fields of ongoing projects.

The Company sales consist gold dore bars with a right of first refusal to domestic banks on consignment to be sold to the Central Bank of the Republic of Turkey and silver to a domestic refinery on consignment. Due to the fact that the sales are made on demand and the customer is corporate, the Company effectively manages the receivable risk, taking into account the past experiences.

Approval of condensed financial statements

The condensed financial statements dated June 31, 2021 were approved by the Board of Directors and authorized to be published on August 09, 2021.

2. Basis of presentation of condensed financial statements

2.1 Basis of presentation

Financial reporting standards

The Company and its subsidiaries established in Turkey, prepare its financial statements in accordance with the Turkish Commercial Code (TCC) numbered 6102, tax legislation and the Uniform Chart of Accounts published by the Ministry of Finance.

The accompanying condensed financial statements are prepared in accordance with the requirements of Capital Markets Board ("CMB") Communiqué Serial II, No: 14.1 "Basis of Financial Reporting in Capital Markets", which were published in the Resmi Gazete No:28676 on June 13, 2013. The accompanying condensed financial statements are prepared based on the Turkish Financial Reporting Standards and Interpretations ("TAS/IFRS") that have been put into effect by the Public Oversight Accounting and Auditing Standards Authority ("POA").

The condensed financial statements and notes are presented in accordance with the "2019 TAS Taxonomy" announced by the POA with the principle decision dated June 7, 2019.

The condensed consolidated financial statements are based on legal records and expressed in TL, and have been prepared by subjecting to some corrections and classification changes in order to present the Company's status according to TAS and IFRS. These adjustments generally consist of deferred taxes, provisions, depreciation of tangible assets and intangible asset amortization on economic life and pro-rata basis, and the valuation of buildings, investment properties and some financial assets.

2. Basis of presentation of condensed financial statements (continued)

2.1 Basis of presentation

Foreign currency

Functional and reporting currency

Condensed financial statements are presented in TL, which is the functional and presentation currency of the Company.

Foreign currency transactions and balances

Foreign currency transactions have been converted over the exchange rates valid on the dates of the transaction. Monetary assets and liabilities based on foreign currency are converted using the exchange rates valid on the date of the statement of financial position. Exchange difference income or expense arising from foreign currency-based operational transactions (trade receivables and debts) is presented under the "other income / expenses from operating activities", while the exchange difference income or expense arising from the translation of other foreign currency based monetary assets and liabilities is presented under "finance income / expenses" in the statement of profit or loss.

Going concern

The Company has prepared its condensed financial statements according to the going concern principle.

Declaration of conformity to TFRS

The Company has prepared its interim condensed financial statements for the period ending on June 30, 2021, in accordance with the CMB's Communiqué Serial: II-14.1 and its announcements clarifying this communiqué. The condensed financial statements and notes are presented in accordance with the formats recommended by CMB and including the required information.

2.2 Accounting policies, changes in accounting estimates and errors

Accounting policy changes arising from the implementation of a new TAS / TFRS for the first time are applied retrospectively or prospectively in accordance with the transition provisions of the TAS / TFRS, if any. If there is no transition requirement, significant optional changes in accounting policies or detected accounting errors are applied retrospectively and the financial statements of the previous period are restated.

Changes in accounting estimates are applied in the current period when the change is made if they are related to only one period, and if they are related to future periods, they are applied both in the period of change and prospectively.

2.3 The new standards, amendments and interpretations

i) The new standards, amendments and interpretations which are effective as at January 1, 2021 are as follows:

- Interest Rate Benchmark Reform – Phase 2 – Amendments to TFRS 9, TAS 39, TFRS 7, TFRS 4 and TFRS 16
- Practical expedient for changes in the basis for determining the contractual cash flows as a result of IBOR reform
- Relief from discontinuing hedging relationships
- Separately identifiable risk components
- Additional disclosures
- Amendments to TFRS 16 – Covid-19 Rent Related Concessions
- Annual Improvements – 2018–2020 Cycle

The amendments did not have a significant impact on the financial position or performance of the Company.

ii) Standards issued but not yet effective and not early adopted

Standards, interpretations and amendments to existing standards that are issued but not yet effective up to the date of issuance of the consolidated financial statements are as follows. The Company / the Group will make the necessary changes if not indicated otherwise, which will be affecting the consolidated financial statements and disclosures, when the new standards and interpretations become effective.

- TFRS 10 and TAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments)
- TFRS 17 - The new Standard for insurance contracts
- Amendments to TAS 1- Classification of Liabilities as Current and Non-Current Liabilities
- Amendments to TFRS 3 – Reference to the Conceptual Framework
- Amendments to TAS 16 – Proceeds before intended use
- Amendments to TAS 37 – Onerous contracts – Costs of Fulfilling a Contract

The Company is in the process of assessing the impact of the amendments / improvements on financial position or performance of the Company.

iv) The new standards, amendments and interpretations that are issued by the International Accounting Standards Board (IASB) but not issued by Public Oversight Authority (POA)

The following standards, interpretations and amendments to existing IFRS standards are issued by the IASB but not yet effective up to the date of issuance of the financial statements. However, these standards, interpretations and amendments to existing IFRS standards are not yet adapted/issued by the POA, thus they do not constitute part of TFRS. The Company will make the necessary changes to its financial statements after the new standards and interpretations are issued and become effective under TFRS.

- Amendments to IAS 8 - Definition of Accounting Estimates
- Amendments to IAS 1 and IFRS Practice Statement 2 - Disclosure of Accounting Policies
- Amendments to IAS 12 – Deferred Tax related to Assets and Liabilities arising from a Single Transaction

2.4 Summary of significant accounting policies

Interim financial statements for the period ending on June 30, 2021 have been prepared in accordance with TAS 34 standard for the preparation of interim financial statements of TAS / TFRS.

The interim financial statements for the period ending on June 30, 2021 have been prepared by applying accounting policies consistent with the accounting policies applied during the preparation of the financial statements for the year ending on December 31, 2020. Therefore, these interim financial statements should be evaluated together with the financial statements for the year ended December 31, 2020.

2.5 Significant accounting judgments, estimates and assumptions

In the preparation of condensed financial statements, the Company management requires the use of estimates and assumptions that may affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and the amounts of income and expenses reported during the accounting period. Accounting judgments, estimates and assumptions are continuously evaluated by considering past experience, other factors and reasonable expectations about future events under current conditions. Necessary corrections are made and presented in the profit or loss statement in the period when it realized. Although these estimates and assumptions are based on management's best knowledge of current events and transactions, actual results may differ from their assumptions.

The main evaluations, estimates and assumptions made are as follows:

- a) Mining assets consists of mine site development costs, mining rights, mining lands, deferred stripping costs and discounted costs associated with the improvement, rehabilitation and closure of mine sites. Mining assets are accounted in the financial statements with their net book value after deducting the accumulated depreciation and permanent impairment, if any, from their acquisition costs. Mining assets start to be amortized on a production basis according to producible ore reserve with the commencement of production. The depreciation expenses of the mining assets are associated with the production costs on the basis of the relevant mining sites.

Within the scope of long-term plan studies, which are regularly updated, the Company conducts studies to determine the remaining reserves of mining assets, revising the possible effects of employee benefit obligations, production-based depreciation calculations, and rehabilitation provisions within this scope.

The Company management reviews the estimates made in relation to the visible and probable mineral reserves in each balance sheet period. In certain periods, the Company management has independent professional valuation companies make valuation studies in accordance with the Australian Exploration Results, Mineral Resources and Gold Reserves 2012 Standards ("JORC") to determine the amount of visible, possible and probable mineral reserves and It is updated by or under the supervision of persons who have the competencies specified in. As of December 31, 2020, the aforementioned reserve and resource amounts were updated by the independent professional valuation company "SRK Consulting" in line with the "JORC" standards.

Within the scope of these studies, the assumptions and methods used in determining the mineral reserves contain some uncertainties (such as gold prices, exchange rates, geographic and statistical variables), and the assumptions and methods developed in relation to the mineral reserve may change significantly depending on the availability of new information. The cost and depreciation of mining assets are adjusted prospectively based on these updates.

2. Basis of presentation of condensed financial statements (continued)

2.5 Significant accounting judgments, estimates and assumptions (continued)

b) Mining assets are amortized using the "production" method and the visible and possible gold reserve amount is used to calculate the depreciation rate. Other tangible assets, both movable and fixed, other than mining assets are depreciated using the straight-line method over their useful lives, limited with lifetime of the mines they are related to. The depreciation amounts calculated on the basis of the visible and possible gold reserves and using the production units method may vary between periods, the depreciation may be affected by the deviation between the actual and estimated production amounts. These differences arise from the variables or assumptions stated below;

- Changes in the amount of visible and possible gold reserves as a result of the work done,
- The reserve's tenor ("grade") ratio, which can vary significantly from time to time,
- The actual gold price and the estimated gold price taken into account in reserve valuation and tenor determination studies,
- Other matters that may occur in the mine sites and cannot be predicted in advance and may affect the activities,
- Unpredictable changes in mining, processing and rehabilitation costs, discount rates, exchange rate changes,
- The effects of changes in mineral life on the useful life of tangible assets depreciated with the straight-line method and whose useful life are limited to the mine life.

The impairment tests performed by the Company management depend on the management's estimates about the future gold prices, current market conditions, exchange rates and pre-tax discount rate together with the relevant project risk. The recoverable value of the cash-generating units is determined as the higher one from the use value of the relevant cash-generating unit or its fair value after deducting sales costs. These calculations require the use of some assumptions and estimates. Changes in assumptions and estimates based on gold prices may affect the useful lives of mines and conditions may arise that may require adjustment on the carrying values of both goodwill and related assets.

Assets are grouped as independent and smallest cash generating units. If an impairment indicator is determined, estimates and assumptions are established for the cash flows to be obtained from each cash-generating unit determined. Impairment tests of both tangible assets and goodwill contain a certain amount of uncertainty due to the estimates and assumptions used. This uncertainty arises from the amount of visible and possible workable gold reserves used, current and future predicted gold prices, discount rates, exchange rates and estimated production costs.

2. Basis of presentation of condensed financial statements (continued)

2.5 Significant accounting judgments estimates and assumptions (continued)

- c) Amount of provisions reflected in condensed financial statements regarding environmental rehabilitation, improvement of mine sites and closure of mine sites is based on the plans of the Company management and the requirements of the relevant legal regulations. Changes in the aforementioned plans and legal regulations, up-to-date market data and prices, discount rates used, changes in estimates based on mineral resources and reserves may affect provisions.

As of June 30, 2021, the Company reassessed the provision amounts due to changes in discount rates, costs, production areas subject to rehabilitation and reserve lifetimes. The Company evaluates the mine rehabilitation provision annually. Significant estimates and assumptions are made in determining the provision for mine rehabilitation due to the large number of factors that may affect the final liability to be paid. These factors include estimates of the scope and cost of rehabilitation activities, technological changes, changes in regulations, cost increases proportional to inflation rates and changes in net discount rates (June 30, 2021: 0,07%, December 31, 20: 0,08%). These uncertainties may cause future expenditures to differ from the amounts estimated today.

The provision amount at the reporting date represents the best estimate of the present value of future rehabilitation costs. Changes in estimated future costs are accounted in the balance sheet by increasing or decreasing the rehabilitation obligation or asset if the initial estimate was initially recognized as part of an asset measured in accordance with TAS 16 Tangible Assets. Any reduction in the rehabilitation obligation and hence any reduction in the rehabilitation asset cannot exceed the carried value of that asset. In case of excess, the amount exceeding the carried value is immediately taken to profit or loss.

- d) Deferred tax assets are recorded when it is determined that it is possible to generate taxable income in the coming years. In cases where taxable income is likely to occur, deferred tax assets are calculated over temporary differences. The Company management, as a result of its assessment, has been recognized as a deferred tax asset for financial losses that can be used within a predictable period and within the framework of tax laws. This evaluation is based on the assumptions used that the related subsidiary has taxable profit in the future periods.
- e) As the Company operates in the mining industry, it is exposed to many risks arising from laws and regulations. As of the balance sheet date, the results of current or future legal practices can be estimated within a certain ratio, based on the past experiences of the Company management and as a result of the legal consultancy received. Negative effects of a decision or application that may be taken against the Company may significantly affect the activities of the Company. As of June 30, 2021, there is no legal risk expected to significantly affect the activities of the Company.
- f) At the stage of determining the amount of the provision for the lawsuits, the management consider the possibility of the ongoing lawsuits to be concluded against the Company and the legal advisors' evaluation of the consequences that may arise in case these lawsuits are concluded against the Company. The Company management makes the best estimate based on the information provided.
- g) The gold in circuit inventory amount, which is followed as a semi-finished product and has not yet turned into finished gold during the production process, is evaluated separately for each production facility by making technical production calculations and estimations. The gold in circuit process, which is common for both tank leaching and heap leach production plants, ends after finished gold is obtained. Since the production processes of tank leaching and heap leaching facilities are different from each other, the amount of gold stock in the circuit differs on the basis of facilities, and the estimated amount of gold that can be obtained from the gold in circuit stocks of each facility at the end of the production process and the life of mine is analyzed based on technical calculations.

Goodwill related to Newmont Altın purchase	11.232	11.232
Total	11.232	11.232

Purchase of Newmont Gold:

The Company purchased 99.84% of Newmont Altın's shares in order to gain competitive advantage and create synergy by benefiting from the mining fields owned by Newmont Altın on June 28, 2010, in accordance with the "Share Purchase Agreement" with Newmont Overseas and Canmont. As of the same date, control of Newmont Altın was transferred to Koza Altın.

Koza Altın has paid 538 thousand USD and 2.462 thousand USD, which constitute part of the total purchase price of 8.500 thousand US dollars, for 99.84% Newmont Altın shares, on June 28, 2010 and July 2, 2010, respectively. The remaining 5.500 thousand USD of the purchase price, 3.000 thousand USD will be paid after the start of the Diyadin project, which is planned for at least one year after the balance sheet date, and the remaining 2.500 thousand USD will be paid one year after the second payment.

January 1	10.059	9.653
Additions / (cancellations), net	4.253	(842)
June 30	14.312	8.811

ii- Long-term provisions for employee benefits

	June 30, 2021	December 31, 2020
Provision for employee termination benefits	42.916	34.384
Total	42.916	34.384

Under the Turkish Labour Law, the Company is required to pay employment termination benefits to each employee who has qualified for such benefits as the employment ended. Also, employees who are entitled to a retirement are required to be paid retirement pay in accordance with Law No: 2422 dated March 6, 1981 and No: 4447 dated August 25, 1999 and the amended Article 60 of the existing Social Insurance Code No: 506. Some transition provisions related to the pre-retirement service term were excluded from the law since the related law was changed as of May 23, 2002.

The principal assumption is that the maximum liability for each year of service will increase in line with inflation. Thus, the discount rate applied represents the real rate net of expected effects of inflation. The severance pay ceiling is revised in every six months, and the ceiling amount of TL 7.638,96 (April 1, 2020: TL 6.730,15) as of April 1, 2021 was taken into consideration in the calculation of the provision for severance pay. TFRS requires actuarial valuation methods to be developed to estimate the provision for severance pay. Accordingly, the following actuarial assumptions were used in the calculation of the total liability:

	June 30, 2021	December 31, 2020
Net discount rate	%3,67	%3,67
Turnover rate related the probability of retirement (rate of employees to remain to retirement)	%97,74	%96,62

9. Provisions, contingent assets and liabilities (continued)

c) Provisions for employee benefits (continued)

The movements of the provision for severance pay within the accounting periods of June 30, 2021 and 2020 are as follows:

	2021	2020
January 1	34.384	25.689
Interest cost	2.236	1.541
Service cost	4.330	4.146
Actuarial loss / (gain)	3.916	678
Severance paid	(1.950)	(889)
June 30	42.916	31.165

Liability of employment termination benefits is not subject to any funding as there isn't an obligation. Provision is calculated by estimating the present value of the future probable obligation of the Company arising from the retirement of the employees. TAS 19 "Employee Benefits" requires actuarial valuation methods to be developed to estimate the Company's obligation under the defined benefit plans. The following actuarial assumptions are used in the calculation of the total liability.

The sensitivity analysis of the important assumptions used in the calculation of the provision for employee termination benefits as of June 30, 2021 is as follows:

	Discount rate		Rate of retirement	
	0,50% increase	0,50% decrease	0,50% increase	0,50% decrease
2021	(2.945)	3.271	(2.125)	2.397

d) Important ongoing cases

i- Lawsuits related to the Ovacık mine

For the cancellation of the EIA positive decision issued for the Ovacık 3rd waste storage facility, the İzmir 3rd Administrative Court's case numbered 2017/1432 E. Was filed against the Ministry of Environment and Urbanization, and the Company intervened to the case. The court delivered a judgement of dismissal on March 12, 2020, in favor of the Company, which is open to appeal to the Council of State. It was appealed by the plaintiffs with a request for a stay of execution. The Council of State rejected the appeal requests of the plaintiffs in favor of our company with the decision dated September 24, 2020 and decided to send the file to the local court for procedural reasons that do not affect the merits. In this respect, the trial continues and does not affect the activities of the Company.

For the cancellation of the EIA affirmative decision issued for the Ovacık gold mine in accordance with the provisions of the 2009/7 circular, İzmir 6th Administrative Court's case numbered 2017/1317 E. was filed against the Ministry of Environment and Urbanization and the Company intervened to the case. İzmir 6th Administrative Court rejected the case in favor of the Company in the case file numbered 2017/1317 E., and file numbered 2020/350 E in the same court the Council of State dismissed the appeal requests of the plaintiffs and ordered to change of venue by delivering the file to the local court for procedural rules of law, not for the substantive ones. In this respect, the trial continues and does not affect the activities of the Company. Therefore, the Company continues activities of production within the scope of the relevant EIA affirmative report.

The results of other lawsuits regarding the Ovacık gold mine are not such as to affect the Company's activities.

d) Important ongoing cases (continued)

ii- Lawsuits related to Kaymaz mine

The Company has filed lawsuits in Eskisehir 1st Administrative Court numbered 2014/1084 E. and Eskişehir 1st Administrative Court numbered 2014/760 E. Requesting cancellation and stay of execution against the operations related to the cessation of operations in the agricultural lands of the Kaymaz gold mine located in the field bearing a registration number of 43539 and 82567. Among these lawsuits, with respect to the lawsuit numbered 2014/760 E. In Eskisehir 1st Administrative Court filed regarding the field with license number of İR 43539 and the lawsuit numbered 2014/1084 E. regarding the field with license number of İR 82567; the court ordered to the cancellation of proceedings subject to the case, with open appeal. Both cases were concluded in favor of the Company. Upon the appeal of the plaintiffs in both files, the Council of State ordered to suspend the execution of the court decisions. Substantial examination of the appeal continues in terms of both files and the trial is ongoing.

The Company intervened in the case along with the defendant Ministry of Environment and Urbanization which was filed for the cancellation and stay of execution of the EIA affirmative decision given regarding the 2nd Waste Storage Facility project planned to be made in the field site with the operation license number of 82567 and the trial is ongoing in Eskişehir 1st Administrative Court in the cases filed with the number 2020/302 E. and 2020/350 E.

iii- Lawsuits related to other mines

These lawsuits are related to the expansion of the activities in some licensed fields and / or the permits and licenses of the new areas to be operated.

Lawsuits related to Çukuralan mine:

A lawsuit numbered 2017/1656 E. was filed against the Ministry of Environment and Urbanization in İzmir 6th Administrative Court for the cancellation of the EIA affirmative report issued for the 3rd capacity increase Project of Çukuralan mining facility, and the Company intervened in the case. The court decided to cancel the transaction subject to the case, and the Council of State reversed the decision in favor of the company by not being hit by the decision of the local court after the appeal review. While the trial continued in İzmir 6th Administrative Court on the basis number of 2019/574, the court decided to cancel the said transaction with the decision dated 23.02.2021. The decision has been appealed and the trial is pending before the Council of State.

Regarding the 3rd capacity increase 2009/7 project of Çukuralan Gold Mine, İzmir 6th Administrative Court has been sued for the suspension of execution and cancellation of the Environmental Impact Assessment (EIA) positive Decision issued by the Ministry of Environment and Urbanization with the 2019/1120 E. file. has been opened. Our company intervenes in the relevant case together with the defendant Ministry. The previous base number and court of the relevant file is İzmir 3rd Administrative Court 2019/171 E. Due to the connection with the Çukuralan 3. Capacity Increase file, the main record of the file was closed by the decision of the İzmir Regional Administrative Court 4th Administrative Law Department and it was decided by the İzmir 3rd Administrative Court to send it to the İzmir 6th Administrative Court due to the relevant connection. While the relevant case continued with the number 2019/1120 of the İzmir 6th Administrative Court, the EIA affirmative decision, which was subject to the court decision, was annulled and an appeal was filed and the trial is ongoing before the Council of State.

Lawsuit related to Çanakkale Project:

In the lawsuit filed for the annulment and suspension of the EIA positive decision regarding the S: 201001197 Gold and Silver Mine Project, which is planned to be made in the vicinity of Serçiler and Terziler villages in the central district of Çanakkale, the company intervenes with the Ministry of Environment and Urbanization. The trial is ongoing.

iv- Lawsuits regarding the Company's subsidiary abroad

Legal actions has been initiated against the amendment in the main contract and establishment of privileged share as well as the board change with respect to London-based Koza Ltd., in which the Company owns 100% shares, and the legal process is ongoing before London courts. On the date of January 23, 2019, it has been decided by the 10th Commercial Court of First Instance of Ankara (case file number 2017/349 E) with an open appeal within two weeks from the notification date that 60.000.000 British Pounds shall be taken from the defendants to Koza Altın İşletmeleri A.Ş. as of September 1, 2015, together with the interest to be accrued according to the article 4 / a of the law numbered 3095. Following an appeal filed by the defendants against this court decision, the 21st Civil Chamber of Ankara Regional Court of Justice, which is the court of appeal, ordered to deem the defendants' request of appeal has not been filed for procedural reasons, with the decision numbered 2019/699 E. and 2019/1189 K. An appeal has been filed by the defendants against this decision, and the appeal process continues.

v- Liability lawsuits filed against former managers

As a result of the evaluations made by the CMB after the decision to appoint a trustee, the Company was instructed to file a liability lawsuit against previous board members for various reasons, and various liability lawsuits were filed against former managers on behalf of Ankara Commercial Courts, and the lawsuits are still pending. Lawsuits that may affect the activities of the Company are announced on the public disclosure platform in legal periods.

vi- Other legal processes

Pursuant to the decision of the 5th Criminal Court of Peace in Ankara, the management of the Company was transferred to the Board of Trustees and then to the Savings Deposit Insurance Fund ("SDIF") on September 22, 2016. The indictment issued by the Ankara Chief Public Prosecutor's Office regarding the events that led to the appointment of a trustee was accepted by the Ankara 24th High Criminal Court and their trial was initiated with the file number 2017/44 E. and the case was resolved by the court of first instance. It has been decided by the court of first instance to confiscate the Company shares that belonged to the previous board members who were judged. Until the decision is finalized, it has been decided that the above-described measure of appointing a trustee will be continued. The decision is not finalized yet. In the case file of the Ankara 24th High Criminal Court numbered 2017/44 E., it has been further ordered by the court that the actions be severed with respect to the former members of the board of directors who could not have been tried due to their nonappearance in court and that the judgement to be continued through this new file and the aforementioned measure of the appointment of trustees to be sustained until the end of the trial. The new file severed is registered in the number of 2020/20 E under the Ankara 24th High Criminal Court's jurisdiction.

The Board of Directors of the Company consists of six members and four of these six persons are elected by the general assembly from among the candidates nominated by (A) group registered shareholders, and two independent members from among the candidates nominated in the general assembly. At its meeting after each ordinary general assembly or each general assembly where members are elected, the board of directors elects a chairman and a vice chairman among the members representing the (A) group registered shareholders. Apart from this, (A) and (B) group shares do not have any other privileges. According to the decision of Ankara 5th Criminal Court of Peace dated October 26, 2015, trustees have been appointed to the Company, and a regulation has been made regarding the transfer of the powers of the trustees working in the companies that have been decided to be appointed to the SDIF by the judge or the court with the Decree No.674 on Making Some Regulations under the State of Emergency, published in the Resmi Gazete dated August 15, 2016. With the decision of Ankara 4th Criminal Judgeship dated September 6, 2016 and numbered 2016/4628 D, it was decided to terminate the duties of the trustees on the day the procedures for their trusteeship powers were completed. The board of directors was established by the SDIF with the decision of the SDIF Board dated September 22, 2016 and numbered 2016/206. For this reason, the privileges of the (A) and (B) share groups cannot be used.

Capital adjustment differences amounting to TL 3.579 Thousand (December 31, 2020: TL 3.579 Thousand), from the difference between the total amount of the Company's capital adjusted for inflation and the capital amount before the inflation correction of the Company, offsetting accumulated losses in 2006 and remaining after the transfer to the paid-in capital refers to the amount.

Public companies make their dividend distributions according to the CMB's "Dividend Communiqué" numbered II19.1, which entered into force as of February 1, 2014.

According to the "Communiqué on Procedures and Principles Regarding the Implementation of Provisional Article 13 of the Turkish Commercial Code No. 6102" published in the Resmi Gazete dated May 17, 2020 and numbered 31130:

- Capital companies will be able to decide to distribute only up to 25 percent of the net profit for the year 2020 in cash until June 30, 2021. Retained earnings and free reserves cannot be included. This limitation will not be applied for capital increase to be made from internal resources in accordance with Article 462 of the Turkish Commercial Code.

10. Equity (continued)

a) Capital (continued)

- Dividend advance power will not be authorized by the general assembly until June 30, 2021 in capital companies. If the board of directors was authorized by the General Assembly to distribute dividend advance payments, advance payments will be postponed until June 30, 2021.
- If a dividend distribution decision has been taken before April 17, 2020, when the temporary article 13 of the Turkish Commercial Code came into force and the shareholders have not yet been paid or partial payments have been made, all payments regarding the unpaid portion will be postponed until June 30, 2021 if the distribution decision is taken from the free reserves, although the payments exceeding 25% of the net profit of the 2020 period have been lost in the accounting period. No interest will be accrued on deferred payments.

Companies distribute their profits within the framework of profit distribution policies to be determined by their general assemblies and in accordance with the provisions of the relevant legislation, by the decision of the general assembly. Within the scope of the said communique, a minimum distribution rate has not been determined. Companies pay dividends as specified in their articles of association or profit distribution policies. In addition, dividends can be paid in installments of equal or different amounts and dividend advances can be distributed over the profit in the financial statements.

Unless the reserves that should be set aside according to the TCC and the dividend determined for the shareholders in the articles of association or in the profit distribution policy are reserved; it cannot be decided to allocate other reserves, to transfer profits to the next year, and to distribute dividends to dividend owners, members of the board of directors, company employees and persons other than shareholders, and no dividends can be distributed to these persons unless the dividend determined for shareholders is paid in cash.

The Company's restricted reserves are as follows:

	June 30, 2021	December 31, 2020
Restricted reserves	137.390	137.390
Total	137.390	137.390

According to the Turkish Commercial Code, legal reserves consist of first and second legal reserves. The TCC stipulates that the first legal reserve is appropriated out of statutory profits at the rate of 5% per annum, until the total reserve reaches 20% of the Company's paid-in share capital. The second legal reserve is 10% of the distributed profit in excess of 5% of the paid-in share capital. According to the Turkish Commercial Code, as long as the legal reserves do not exceed 50% of the paid-in capital, they can only be used to offset the losses, it is not possible to use them in any other way.

13. Income taxes

Current income tax

Corporate tax is applied on taxable corporate income, which is calculated from the statutory accounting profit by adding back non-deductible expenses, dividend income from domestic companies, other exempt income and investment incentives utilized.

The effective tax rate applied in 2021 is 25%.

20% tax rate that is specified in the first paragraph of Article 32 of the Corporate Tax Law No. 5520 and the Law No. 7061 "Amending Some Tax Laws and Some Other Laws" adopted on November 28, 2018 will be applied as 22% for corporate earnings for the 2018, 2019 and 2020 taxation periods has been added with a provisional article. Also with the same regulation and stated in 5520 numbered Law No. 5, 75% of exemption from corporate tax rate the profits arising from the sale of real estates (immovables) which is in assets for at least two full years has been changed to 50%.

In Turkey, temporary taxes are calculated and accrued on a quarterly basis. Corporate income tax rate applied in 2021 is 20%. Losses can be carried forward for offset against future taxable income for up to 5 years. However, losses cannot be carried back for offset against profits from previous periods.

Furthermore, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns between 1-25 April following the close of the accounting year to which they relate. Tax authorities may, however, examine such returns and the underlying accounting records and may revise assessments within five years.

Income Withholding Tax

In addition to corporate taxes, companies should also calculate income withholding taxes and funds surcharge on any dividends distributed, except for companies receiving dividends who are Turkish residents and Turkish branches of foreign companies. Income withholding tax applied in between April 24, 2003 and July 22, 2006 is 10% and commencing from July 22, 2006, this rate has been changed to 15% upon the Council of Minister's' Resolution No: 2006/10731. Undistributed dividends incorporated in share capital are not subject to income withholding tax.

Withholding tax at the rate of 19,8% is still applied to investment allowances related with investment incentive certificates obtained before April 24, 2003. No tax withholding is imposed on investment expenditures without incentive certificate after this date.

Corporate tax liabilities recognized in the balance sheet as of June 30, 2021 and December 31, 2020 are as follows:

14. Earnings per share

Earnings per share is calculated by dividing the current year net profit of the parent company by the weighted average number of shares traded throughout the year.

Companies in Turkey have right to increase its capital through the distribution of bonus shares to be met from the re-valuation fund or accumulated profits. During the calculation of earnings per share, these increases are accepted as shares distributed as dividends. Dividend distributions added to the capital are also evaluated in the same way. Therefore, while calculating the average number of shares, it is assumed that such shares are in circulation throughout the year. For this reason, the weighted average of the number of shares used in calculating the earnings per share is determined by considering the retroactive effects.

The earnings per share of the Company as of June 30, 2021 and 2020 are as follows:

	January 1 – June 30, 2021	January 1 – June 30, 2020	April 1 – June 30, 2021	April 1 – June 30, 2020

16. Nature and level of risks arising from financial instruments

The main financial instruments of the Company consist of cash and short-term deposits. The main purpose of financial instruments is to provide financing for the Company's activities. Apart from these, the Company has financial instruments such as trade receivables and payables that arise as a result of its activities.

The Company is exposed to market risk, which consists of currency, cash flow and interest rate risks, capital risk, credit risk and liquidity risk, due to operations. Risk management policy is to focus on unexpected changes in the financial markets.

The management policy of financial risks should be made by the Company's senior management and commercial and financial affairs department in line with the policies and strategies approved by the Board of Directors. The Board of Directors should prepare general principles and policies for the management of currency, interest and capital risks, and closely monitor financial and operational risks (especially arising from fluctuations in gold prices). The Company does not have an Early Risk Detection Committee.

The purpose that the Company should set to manage financial risks can be summarized as follows:

- Ensuring the continuity of the cash flow obtained from the activities and main assets of the Company, taking into account the exchange rate and interest risks,
- Keeping a sufficient amount of credit resources available to be used effectively and efficiently under the most appropriate conditions in terms of type and maturity,
- Keeping the risks arising from the counterparty at a minimum level and following them effectively.

The main risks arising from the financial instruments of the Company are interest rate risk, foreign currency risk, credit risk and liquidity risk. The policies of the management regarding to manage these risks are summarized below.

a) Credit risk:

The risk of financial loss of the Company due to the failure of one of the parties to the financial instrument to fulfill its contractual obligation is defined as credit risk. Financial instruments of the Company that may cause a significant concentration of credit risk mainly consist of cash and cash equivalents and trade receivables. The maximum credit risk that the Company may be exposed to is up to the amounts reflected in the financial statements.

The Company has cash and cash equivalents in various financial institutions. The Company manages this risk by continuously evaluating the reliability of the financial institutions.

In order to measure the expected credit loss, the Company first grouped its trade receivables and contract assets by considering their maturity and credit risk characteristics. The expected credit loss rate for each class of trade receivables and contract assets is calculated by using past credit loss experiences, current conditions and prospective macroeconomic indicators and the expected credit loss allowance is calculated by multiplying the determined rate with the totals of trade receivables and contract assets.

The Company sales consist gold dore bars with a right of first refusal to domestic banks on consignment to be sold to the Central Bank of the Republic of Turkey and silver to a domestic refinery on consignment. Due to the fact that the sales are made on demand and the customer is corporate, the Company effectively manages the receivable risk, taking into account the past experiences.

16. Nature and level of risks arising from financial instruments (continued)**b) Market risk**

Due to operations, the Company is exposed to financial risks related to changes in exchange rates and interest rates. Market risks encountered by the Company are measured on the basis of sensitivity analysis. In the current year, there isn't any change in the market risk that the Company is exposed to, or the method of handling the encountered risks or the method used to measure these risks, compared to the previous year.

Currency risk

Transactions in foreign currency cause exchange risk. The Company controls this risk through a natural precaution that occurs by netting foreign currency assets and liabilities.

Price risk

The most important operational risk of the Company is the gold price risk.

The operational profitability of the Company and the cash flows it provides from its operations are affected by the changes in gold prices in the markets. If the gold prices decrease comparing under the cash-based operational production costs of the Company and continue in this way for a certain period, the operational profitability of the Company may decrease.

The Company does not expect any change in gold prices to drop significantly in the near future. Accordingly, the Company has not used any derivative instruments to hedge the risk of falling gold prices and has not made a similar agreement.

c) Capital risk management:

While managing the capital, the Company's objectives are to maintain the most appropriate capital structure in order to benefit its shareholders and reduce the cost of capital and to ensure the continuity of the Company's activities.

In order to return capital to shareholders, the Company could maintain or reorganize its capital structure, issue new shares, and sell assets to reduce borrowing.

The Company uses the net financial debt / equity ratio to monitor the capital structure. Net debt is calculated by deducting cash and cash equivalents from the total debt amount (including loans and other payables to related parties as shown in the balance sheet).

Company management should follow the net debt / equity ratio regularly and update it when necessary. The Company does not have an Early Detection of Risk Committee.

Net debt / equity ratios as of June 30, 2021 and December 31, 2020 are as follows:

	June 30, 2021	December 31, 2020

17. Financial instruments (fair value disclosures and disclosures within the framework of hedge accounting)

Fair value of the financial instruments

The Company classifies the fair value measurements of the financial instruments measured at their fair values in the financial statements according to the source of the inputs of each financial instrument class, using a three-level hierarchy as follows.

- First level: Quotation prices (unadjusted prices) in active markets for identical assets and liabilities that the entity can reach at the measurement date.
- Second level: These are directly or indirectly observable inputs for the asset or liability and other than quoted prices within Level 1.
- Third level: These are unobservable inputs to the asset or liability.

Level classifications of financial assets measured at their fair values:

18. Subsequent events after balance sheet date

Regarding the ongoing legal process of Koza Ltd. in the English courts, the decision of the hearing held on 17 and 18 May has been determined. It has been stated by the English courts that the appointments of trustees and members of the board of directors concern the Turkish domestic legal order, that the relevant appointments are valid appointments under Turkish law, and that this is by no means a matter to be considered by the English courts under English Law.

In addition, it has been accepted by the English courts that these powers of trustees or members of the board of directors representing Koza Altın will be determined in accordance with Turkish law and that the relevant persons are undisputedly authorized under Turkish Law.
