Explanations	

One of our subsidiary company, Enerjisa Müşteri Çözümleri A.Ş. has completed the pre-license applications for solar energy-based electricity generation with storage power plants with a total installed capacity of 4190 MWe/5866 MWp to the Energy Market Regulatory Authority (EMRA).

Approval of such applications is subject to evaluation in terms of capacity allocation by EMRA and other relevant institutions and other eligibility criteria sought by the relevant legislation. An announcement will be made in the future if there is any development on the subject.

We respectfully announce to the public.

This statement has been translated into English for informational purposes. In case of a discrepancy between the Turkish and the English versions of this disclosure statement, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
