BISTECH Stock Market Trading System Announcement

As reported by our announcement numbered 2017/36: It has been deemed appropriate to initiate the demonstration of counter party information on the trade data at the meeting of the board of directors on 29/12/2016, in order to monitor the effects on the market. In this context;

The practice has been started for a period of 6 months in all shares except the shares within the BIST30 index (and in pre-emptive rights offerings of the related shares), exchange traded funds, warrants and real estate certificates.

The shares among BIST30 that the counterparty information was disseminated in April 2017 were YKBNK, TOASO, VAKBN, ULKER and EREGL. In May 2017 the counterparty information will be disseminated in AKBNK, ASELS, KCHOL, KRDMD and TAVHL.

As of 2 May 2017, counterparty information will be closed in trades in YKBNK, TOASO, VAKBN, ULKER and EREGL series and counterparty information will be disseminated in trades in AKBNK, ASESLS, KCHOL, KRDMMD and TAVHL series among BIST30.

At the end of the practice, the Board of Directors of Borsa Istanbul will evaluate the results obtained and will decide whether to continue the implementation.
