Reference: VakıfBank Public Disclosure Dated April 13, 2018

VakıfBank bonds, amounting TL 200 million with 119 days maturity and maturity date of which is November 23, 2018 have been issued and offered to public through book-building on April 16-17-18, 2018.

Following the end of same day value transaction time on April 18, 2018, another calculation was made considering the trading volume weighted average compound interest rates and daily trading volumes of Government Debt Securities on April 16-17-18, 2018 stated in capital markets instrument note (prospectus). According to the second calculation, new interest rate remained above the initial interest rate of the bond issuance which was also stated in the reference public disclosure and has been finalized as defined in the table above.

The demand and distribution results of VakıfBank bonds that were offered to public on April 16-17-18, 2018, have been enclosed herewith. Please be informed that the enclosed document is in Turkish only.

According to CMB legislation, in case of a contradiction between the Turkish and English versions of this public disclosure, the Turkish version shall prevail.
