Explanations	

As a result of the applications to EMRA considering the increased crude oil processing capacity as a consequence of the modernization and bottleneck remediation projects realized since 2017, annual crude processing capacities are revised by EMRA for İzmir to 11.9 (prior: 11.0), for İzmit to 11.3 (prior: 11.0), for Kırıkkale to 5.4 (prior: 5.0) and for Batman 1.4 (prior:1.1) million tons per year. Thus, our company's EMRA approved annual crude processing capacity increased from 28.1 million tons to 30.0 million tons.

This statement has been translated into English for informational purposes. In case of a discrepancy between the Turkish and the English versions of this disclosure statement, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
