Ref: Public Disclosure dated 09.04.2013

Previously, in order to insure the need for narrow body aircraft, the Incorporation decided to purchase a total of 75 B737 MAX aircraft from the Boeing Company. In view of the current situation with the effects of the Coronavirus (Covid-19) global pandemic on the aviation industry, the Incorporation reviewed its fleet plan and came to an agreement with Boeing as a result of the negotiations between the two parties. According to this agreement, 10 of the 75 B737 Max aircraft will be cancelled and 40 aircraft will be converted into options until December 21, 2021, on or prior to which, the Incorporation will decide whether or not it will exercise the options. At the same time, the delivery dates of currently undelivered 13 B737 MAX aircraft, have been rescheduled in line with the operational and financial capacity of our Incorporation.
