EĞİTİM HİZMETLERİ VE İNŞAAT TAAHHÜT A.Ş.
INDEPENDENT AUDITOR'S REPORT
ON THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE INTERIM PERIOD 1 JANUARY – 31 DECEMBER 2021**

**CONVENIENCE TRANSLATION INTO ENGLISH OF CONSOLIDATED FINANCIAL STATEMENTS ORIGINALLY ISSUED IN TURKISH
INDEPENDENT AUDITOR'S REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS OF LOKMAN HEKİM ENGÜRÜSAĞ SAĞLIK, TURİZM, EĞİTİM HİZMETLERİ VE İNŞAAT TAAHHÜT A.Ş. FOR 1 JANUARY – 31 DECEMBER 2021**

To The Board of Directors of

Lokman Hekim Engürüsağ Sağlık, Turizm, Eğitim Hizmetleri ve İnşaat Taahhüt A.Ş.

Opinion

We have audited the Consolidated Financial Statements of the Lokman Hekim Engürüsağ Sağlık, Turizm, Eğitim Hizmetleri ve İnşaat Taahhüt Anonim Şirketi (the "Company") and its subsidiaries (collectively referred as the "Group") which comprise the statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss, statement of other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at 31 December 2021, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRS").

Basis for Opinion

We conducted our audit in accordance with Turkish Standards on Auditing issued by Public Oversight Accounting and Auditing Standards Authority of Turkey ("POA") and announcement of Capital Markets Board of Turkey ("CMB").

Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report.

We are independent of the Company in accordance with the International Ethics Standards Board for Professional Accountants' Code of Ethics for Professional Accountants ("IESBA Code") and have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Based on our professional judgments, The Key Audit Matters are most important issues on auditing period's consolidated financial statements.

These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon and we do not provide a separate opinion on these matters.

<p align="center">Recoverable of Trade Receivables</p>	
<p>In accordance with the relevant provisions of TAS 16 "Tangible Assets" standard, the Company carries the lands, parcels and buildings at their fair values in its financial statements.</p> <p>As of December 31, 2021, as a result of the valuation made by an independent professional valuation firm, the total pre-tax value increase of tangible assets has been TRY 29,976,332. The revaluation increases of tangible assets, which are under shareholders' equity in the statement of financial position, are accounted for by deducting the deferred tax effect. The total value increase of investment properties is TRY 1,410,000.</p> <p>Applied valuation methods contain important estimations and assumptions. For these reasons, the subject of revaluation of the said land, parcels and buildings is an important issue for our independent audit.</p> <p>Explanations on the accounting policies and amounts of the Group's land and parcel, buildings and investment properties are in Notes 2.3, 10 and 12.</p>	<p>During our independent audit, the following audit procedures have been applied regarding the revaluation and impairment of land, buildings and investment properties;</p> <ul style="list-style-type: none"> - Evaluation of the qualifications, competencies and impartiality of real estate appraisers appointed by the Group management, - Testing the suitability of the methods used by the appraisers in the valuation reports, - Checking the reconciliation of the values appraised by the valuation experts for the real estates in the valuation reports to the amounts explained in Notes 10 and 12, - Controlling the valuation practices and tax effects in accordance with the Tax Procedure Law in accordance with the Law No. 7326 on the Restructuring of Certain Receivables and Amending Certain Laws, <p>As a result of these studies on revaluation of tangible assets and investment properties, we had no material findings.</p>

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Turkish Accounting Standards issued by the Public Oversight Accounting and Auditing Standards Authority ("POA"). This responsibility includes designing, implementing and maintaining the necessary internal control system in order to ensure that the financial statements are free from material misstatement resulting from errors and / or fraud and irregularities, making accounting estimates required by the circumstances and selecting appropriate accounting policies in order to ensure that they reflect the truth in an honest way.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing ("ISA") will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also;

- Identify and assess the risks of material misstatements of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

VeZin Bağımsız Denetim A.Ş.

Ankara: Ceyhan Atuf Kansu Caddesi No: 102/A Beycanoğlu İş Merkezi B2 Blok D: 8 06520 Balgat / ANKARA Tel: 0 312 473 57 57 (pbx) Fax: 0 312 473 95 96
www.vezin.com.tr info@vezin.com.tr Mersis No: 0925 0494 9580 0016

- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures and the whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible of the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

1. COMPANY'S ORGANIZATION AND MAIN ACTIVITY

Lokman Hekim Engürüsağ Sağlık, Turizm, Eğitim Hizmetleri ve İnşaat Taahhüt A.Ş. ("Parent Company", "Group" or "Company") established in Ankara in 1996. Firstly, it started to operate sale of medical stuff and procurement of medical equipment.

Company amended the main contract in the meeting which conducted on May 23, 2010 after the 2009 Ordinary General Assembly Meeting, Company's tittle of "Engürüsağ Sağlık, Turizm, Eğitim Hizmetleri ve İnşaat Taahhüt A.Ş." changed as "Lokman Hekim Engürüsağ Sağlık, Turizm, Eğitim Hizmetleri ve İnşaat Taahhüt A.Ş." relying on this amendment.

The Company's head office is located in Dumlupınar Bulvarı Kentpark No:164/306 Çankaya, Ankara.

The main partnership capital and partnership structure is;

	31 December 2021		31 December 2020	
	TRY	%	TRY	%
Group A	291,600	0.81	193,208	0.81
Group B	35,708,400	99.19	23,806,792	99.19
Total	36,000,000	100	24,000,000	100

Group A shares are registered and cannot be sold in the stock exchange market. They cannot be transferred partially to third parties. Group A shareholder has priority for sale of shares relying on real value (the value which is set jointly between parties). In the situation of conflict, revaluation of share will be made during a month by independent auditing firm which is jointly decided. At the transfers of Group A share, in the situation that there is one or more than one Group A shareholder which will take over, shares are transferred equally. When there is no Group A shareholder to take over Group A shares which are settled its value, shareholder is free to sell his shares to third parties over its settled value.

Affairs and management of the Company are conducted by board of directors consisted of minimum 7 or 9 people which are elected by General Board. If board of directors will consist of 7 people elected by General Board, 5 of them; and if board of directors will consist of 9 people, 6 of them will be elected by General Board between candidates jointly nominated by shareholders who have more than 51 percent of Group A shares.

There is no granted privilege to Group B shares.

The Group has an agreement with the Social Security Institution of Turkey (the "SSI") which includes service commitment in all branches disclosed in the Operations Approval Document. SSI is a state enterprise which pays the healthcare expenditures of the citizens of Turkey who are members of the social security system based on the law numbered 5510 and manages social security premiums and short and long term insurance expenses. According to the agreement, the Group is obliged to provide the healthcare services and to issue invoices to the SSI and patients in line with the Communiqué of Health Services published by the SSI. This transaction is performed through Medula, a web based software system, by assessing the right of the patient and obtaining provisions. As a result of the assessment the expenses relating to patients with no SSI, coverage is not charged to SSI. The healthcare expenses provided to the patients are invoiced based on the terms of the Communiqué of Health Services. In this Communiqué SSI determined a price list based on the treatments provided. Invoices are issued based on the price list announced by the Communiqué. SSI has the right not to pay the invoice or make a deduction if the treatments provided are not in compliance with the terms. The Company is registered to the Capital Markets Board ("CMB") and its shares quoted on the Borsa İstanbul A.Ş. ("BİAŞ" or "Borsa" or "BİST") since February 01, 2011. According to the records of Central Registry Agency (CRA); shares representing 62.74% as of September 30, 2021 are accepted as "in circulation".

The subsidiaries which are in the Company, are subject to consolidation, are direct, and sphere of activities of these subsidiaries with its rate of share are as below;

Company	Principle Activity	Participation Rate (%)	
		31 December 2021	31 December 2020

2. PRINCIPLES REGARDING TO THE PRESENTATION OF FINANCIAL STATEMENTS

2.1. Main Principles Regarding to the Presentation

Legal Books and Financial Statements

The company maintains and prepares its legal books and legal financial statements in accordance with the Turkish Commercial Code ("TCC") and accounting principles established by tax legislation.

The consolidated financial statements of the Group have been prepared in accordance with the Turkish Financial Reporting Standards, ("IFRS") and interpretations as adopted in line with international standards by the Public Oversight Accounting and Auditing Standards Authority of Turkey ("POA") in line with the communiqué numbered II-14.1 "Communiqué on the Principles of Financial Reporting In Capital Markets" ("the Communiqué") announced by the Capital Markets Board of Turkey ("CMB") on June 13, 2013 which is published on Official Gazette numbered 28676. IFRS are updated in harmony with the changes and updates in International Financial and Accounting Standards ("IFRS") by the communiqués announced by the POA.

Financial statements are presented in accordance with the formats specified in the "Announcement on TMS Taxonomy" published by the POA on April 15, 2019 and the financial table examples and user guide published by the CMB.

CMB, with its resolution dated March 17, 2005, announced that all publicly traded entities operating in Turkey was not obliged to apply inflationary accounting effective from January 1, 2005. In accordance with this resolution, IAS 29 "Financial Reporting in Hyperinflationary Economies" is not applied to the consolidated financial statements since January 1, 2005.

The consolidated financial statements are prepared in accordance with the historical cost basis records for the purpose of fair presentation in accordance with Turkish Accounting Standards and Turkish Financial Reporting System (IAS/IFRS).

The company reported the financial statements according to the continuity principle,

Principles of Consolidation;

Company	Principle Activity	Participation Rate (%)	
		31 December 2021	31 December 2020
Lokman Hekim Van Sağlık Hiz. ve İnş. Taah, A.Ş.	Healthcare	51	51
Hay Süt ve Süt Ürünleri Hayv. Gıda İth. İhr. A.Ş.	Livestock, Dairy	-	100
Engürüsağ Genel Tic. Ltd. Şti. (Erbil)	Healthcare	95	95
Lokman Hekim Tıp Merkezleri A.Ş.*	Healthcare	100	100
Her Yerde Sağlık ve Elektronik Tic. A.Ş.	e-Healthcare Services	100	100

All of the above companies have been consolidated within the framework of the principles explained below.

(*) This ratio refers to 49% of Group A registered shares owned by the Company and 51% of Group B shares, the pre-purchase price paid by the parent company in the establishment of the company. Group A shares provide a privilege of 66% in the representation of the Management and 100% in the profit share. For this reason, the company included to the financial statements by full consolidation method.

(**) Hay Süt ve Süt Ürünleri Hayvancılık Gıda İth. İhr. A.Ş. acquired completely by Lokman Hekim Engürüsağ Sağlık, Turizm, Eğitim Hizmetleri ve İnşaat Taahhüt A.Ş. with a facilitated merger method, with its assets and liabilities. The transfer transaction was registered on November 12, 2021 and published in the Trade Registry Gazette dated November 16, 2021 and numbered 295.

Consolidation Method

- Consolidated balance sheets and income statement items of the partnerships are consolidated through adding up to each other. Book values of the shares owned by main partnership in consolidated subsidiaries are set off from the shareholders' equity accounts of the subsidiary.
- Receivables and payables, sale of good and services and income and loss items resulting from the transactions between the partnerships from each other which are within the scope of consolidation are set off.
- Tangible and intangible assets purchased between the partnerships which are subject to consolidation method are presented in the consolidated balance sheet through their costs of acquisition after the necessary adjustments are made.
- From all equity account group items of the subsidiaries within the scope of consolidation, including the paid / issued capital, the amounts corresponding to the shares other than the parent company and subsidiaries are deducted and shown before the equity account group of the consolidated statement of financial position "Minority Interest" account group. Minority share was not calculated in Lokman Hekim Medical Centers Inc. an affiliate of the company, as the parent has the right to receive a 100% share from the profit. Minority interest was not calculated in Lokman Hekim Tıp Merkezleri A.Ş. that is a subsidiary of the company because as the parent company has the right to receive a 100 % share from the profit.
- Cost of acquisition of shares in the capital of subsidiary by main partnership as of the date when the partnership within the scope of consolidation become subsidiary and just for the one time for the following share purchases, is set off from the value in the shareholders' equity in the re-valued balance sheet of the subsidiary based on the fair value as of the purchase date.
- Acquisition of the Company is accounted through purchase method. In this method, acquisition is registered based on cost. The Company, starting from the acquisition date, includes the operation results of the company which is acquired in its income statement and also presents each definable asset and liability of the acquired company as well as the goodwill or negative goodwill aroused as result of the acquisition in the balance sheet as of this date.

Comparative Information and Correction of Prior Period Financial Statements

The Company's consolidated financial statements are prepared in comparison with the previous period in order to allow the determination of financial status and performance trends.

In order to comply with the presentation of the current period consolidated financial statements, comparative information is reclassified when necessary and significant differences are disclosed.

Functional Currency;

Functional currency of the Group is Turkish Lira (TRY) and attached consolidated financial statements and notes to consolidated financial statements are presented in Turkish Lira (TRY).

Declaration of Conformity;

Attached financial statements of Company have been confirmed by the Board of Directors of the Company as of **February 17, 2022**. The right to change the attached consolidated financial statements belongs to the General Assembly of the Company or legal authorities.

Netting/Set Off

Financial assets and liabilities are presented at their net values in cases of a required legal right, related assets and liabilities are intended to be netted or acquisition of assets are followed by the performing of the liabilities.

Financial Statement of Partnerships Operating in Foreign Countries

Financial statements of partnerships and subsidiaries in foreign countries are prepared in accordance with the host countries' standards and law. The accounting principles of the Company are adjusted according to these laws and standards.

If the currencies of the Company companies are different from reporting currency, then the translation method is below;

- All the assets and liabilities are translated with the exchange rate on the date of balance sheet,
- Revenues and expenses are translated with the exchange rate on the date of balance sheet and the difference of translation is stated in the comprehensive income statement.

2.2. New and Revised Turkish Accounting/Financial Reporting Standards

The Company applied the new and revised standards and interpretations issued by the POA as of January 1, 2021 and related to its own activity.

Standards, amendments and interpretations applicable as at December 31, 2021:

- **Amendments to IFRS 7 and IFRS 16 - Interest Rate Benchmark Reform Phase 2**

Effective from annual periods beginning on or after January 1, 2021. The Phase 2 amendments address issues that arise from the implementation of the reforms, including the replacement of one benchmark with an alternative one. The Phase 2 amendments provide additional temporary reliefs from applying specific IAS 39 and IFRS 9 hedge accounting requirements to hedging relationships directly affected by IBOR reform.

Standards, amendments and interpretations that are issued but not effective as at December 31, 2021:

- **Amendment to IFRS 16, 'Leases' – Covid-19 related rent concessions Extension of the Practical expedient**

As of March 2021, this amendment extended till June 2022 and effective from April 1, 2021. As a result of the coronavirus (COVID-19) pandemic, rent concessions have been granted to lessees. Such concessions might take a variety of forms, including payment holidays and deferral of lease payments. On May 28, 2020, the IASB published an amendment to IFRS 16 that provides an optional practical expedient for lessees from assessing whether a rent concession related to COVID-19 is a lease modification. Lessees can elect to account for such rent concessions in the same way as they would if they were not lease modifications. In many cases, this will result in accounting for the concession as variable lease payments in the period(s) in which the event or condition that triggers the reduced payment occurs.

- **Amendments to IAS 1, Presentation of financial statements' on classification of liabilities**

Effective date deferred until accounting periods starting not earlier than January 1, 2024. These narrow-scope amendments to IAS 1, 'Presentation of financial statements', clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date (for example, the receipt of a waiver or a breach of covenant). The amendment also clarifies what IAS 1 means when it refers to the 'settlement' of a liability.

- **A number of narrow-scope amendments to IFRS 3, IAS 16, IAS 37 and some annual improvements on IFRS 1, IFRS 9, IAS 41 and IFRS 16**

It is valid on January 1, 2022 or for annual reporting starting after this date.

- **Amendments to IFRS 3, 'Business combinations'** update a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations.
- **Amendments to IAS 16, 'Property, plant and equipment'** prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in profit or loss.
- **Amendments to IAS 37, 'Provisions, contingent liabilities and contingent assets'** specify which costs a company includes when assessing whether a contract will be loss-making.

Annual improvements make minor amendments to IFRS 1, 'First-time Adoption of IFRS', IFRS 9, 'Financial instruments', IAS 41, 'Agriculture' and the Illustrative Examples accompanying IFRS 16, 'Leases'.

- **Amendments to IAS 12- Deferred tax related to assets and liabilities arising from a single transaction**

It is valid on January 1, 2022 or for annual reporting starting after this date. These amendments require companies to recognise deferred tax on transactions that, on initial recognition give rise to equal amounts of taxable and deductible temporary differences.

Summary of Important Accounting Policies

Revenue:

Revenue means – in exchange of the health services provided – invoice amount of the invoiced services, the amount to be invoiced for the performed but not invoiced services and the amount calculated based on the completion level for not invoiced but still continuing services, less returns and discounts.

In case an uncertainty arises to collect a revenue, amount which presented in the financial statements, uncollectable or the amount which becomes impossible to collect be considered as cost in the financial statements rather than adjusting the first registered revenue.

The Company reports revenue recognitions of patients whose treatment is continuing at the end of the period in sales of healthcare service.

Stocks:

Costs of inventories are compromise of cost of all purchases, conversion costs and other costs burdened to perform the current position and condition of the inventories. For the inventory purchases with interim payments, the differences between the cash value and future value are recognized as finance costs in the period it occurred.

Inventory method is weighted average cost method.

Inventories are valued with the lowest of cost and net realizable value. Net realizable value is the value expected sales value under normal conditions less the total of expected costs of completion and expected sales costs in order to perform the sale.

It is assumed that the production activities would be at normal capacity on the distribution of fixed general production costs to conversion costs. Normal capacity is the expected average production amount under normal conditions within one or a few periods or sessions considering the loss of capacity due to the planned repair and maintenance works. If the real production level is close to the normal capacity, then this capacity is considered as normal capacity. If the actual production level is continuously below from the pre-determined normal capacity, then the normal capacity is accepted as realized actual capacity and all the fixed production costs add into the production costs of services.

Biological Assets:

Biological assets are recognized initially at cost. They are valued at fair value at the end of each reporting period. In cases where fair value cannot be calculated or determined clearly, so-called biological asset is re-valued through its cost less all related accumulated depreciation and accumulated provisions for loss. Gains or losses on the values are linked with the period profit or loss.

The Company displays livestock and agricultural products at fair value. Agricultural products that are not harvested valued after deducting estimated sales costs from their market values.

Tangible Assets:

Tangible assets which are expected to be used within the company for more than one year are registered with their costs at the time of purchase. In the following periods, revaluation method for lands and buildings are revaluated based on the method for cost of other tangible assets. Costs of other tangible assets which were purchased prior to January 1, 2005 are costs which are adjusted for inflation effects.

The Company revalued its tangible and intangible assets in its legal records by indexing them based on the rates determined by the Republic of Turkey Ministry of Treasury and Finance through Article 11 of the Law No. 7326 on Restructuring Certain Receivables and Amending Certain Laws with numbered 1346 the Board of Directors Decision dated July 6, and with reference to the Provisional Article 31 added to the Tax Procedure Law Assets valued in accordance with the Tax Procedure Law differ from the fair value for IFRS based on the market approach. Deferred tax calculated based on the difference between tax value resulting from revaluation operations according to Tax Provision of Law and over the resulting difference in accounting value.

The company used pro rata basis depreciation for tangible assets according to normal depreciation method.

When the Company determines the depreciation lives for its tangible assets, it considers the useful life of the asset. Costs of tangible assets which are purchased through leasing are the costs less the interest and foreign exchange difference. Interests and foreign exchange differences are registered as financial costs in the relevant period.

Company's beneficial lives for tangible assets are below;

Buildings	50 Years
Machinery, plants and equipment	5 – 20 Years
Vehicles	5 Years
Fixtures	2 – 20 Years
Assets Purchased Through Leasing	5 – 20 Years
Other intangible assets	5 – 20 Years

Intangible Assets;

Intangible assets which are expected to be used within the company for more than one year are registered with its costs at the time of purchase. They are re-valued based on the cost model in the following periods. Costs of intangible assets purchased prior to January 1, 2005 are costs which are adjusted for the inflation effect.

"Doctor Staff and Medical License Fee" is reported in intangible assets as Rights for Lokman Hekim Akay Hospital, Lokman Hekim Demet Hospital, Lokman Hekim Van Hospital and Lokman Hekim Hayat Hospital.

According to the issued change in the Official Journal in July 11, 2013, transfer of staff and license is allowed with article 6 of Private Hospital Regulation.

The Company takes the useful lives of the assets into consideration when determining the depreciation lives of the intangible assets.

The Company determined useful lives for its intangible assets 3 to 15 years. Intangible assets with indefinite useful lives (doctor staff fees and hospital licenses) are not subject to amortization, but they are tested for impairment.

Impairment of Assets;

According to IAS 36 – Decline in the Values of Assets standard, book values of tangible and intangible assets and their recoverable values can be compared if it is deemed necessary due to domestic and international economic indications. If it is forecasted that the book value of the asset exceeds the recoverable value, then it is accepted that there is decline in the value of the asset.

Recoverable value is the lesser of the exercise price and market price. Forecasted decline in the value is registered as loss at the term in which it is determined.

Financial Instruments;

a) Cash and Equivalents;

Cash on hand of the Company consists of cash and bank deposits. Cash equivalents consist of receivables from credit card.

Bank deposit balances of foreign currencies are re-valued from the foreign exchange rate of T.R. Central Bank at the date of balance sheet, Current values of the cash in the balance sheet and deposits in the bank and receivables from credit card are the fair value of these assets.

b) Trade Receivables, Impairment Loss And Expected Credit Losses;

Trade receivables and payables resulting from providing a service to a customer by the Company or purchasing a good or service from a supplier are presented after clarified from deferred financing revenues and costs.

It is assumed that the discounted values of trade receivables and provision for doubtful receivables are equivalent to the fair values of the assets.

The company, in case there is an objective proof that the collecting is impossible, makes provisions for doubtful receivables. The amount of this provision is registered value of the receivable less the guarantees and warranties.

Following making a provision for the doubtful receivables, in case all or a portion of the doubtful receivable is not collected, the collected amount is written off from doubtful receivables and registered as other revenues.

The Company measures the allowance for trade receivables at an amount equal to the "expected life-time credit losses" (except for realized impairment losses) where the trade receivables are not impaired for some reason. Expected credit losses are a weighted estimate of the likelihood of credit losses over the expected life of a financial instrument.

In the calculation of expected credit losses, the Company takes into account past credit loss experience as well as forecasts for the future.

It is assumed that the discounted values of trade payables are equivalent to the fair values of the assets.

c) Other Receivables, Payables and Liabilities

Registered based on accrual basis and it is assumed that the registered values are equivalent to fair values.

Benefits for Employees/Termination Indemnity:

According to applicable Labor Law, the company shall pay a termination indemnity not less than 30 days for each year for the employee who is fired from the company except those fired due to bad behaviors. For this reason, the company has to estimate the total cost to be paid and discount the estimated payments so that find the net present value. Therefore, the Company reports its total liability at the date of balance sheet which is discounted to net present value.

It is assumed that man who worked 25 years and woman who worked 20 years would be retired and termination indemnity would be paid at that time. Accordingly, the company tries to find out the expected termination indemnity liability which it would pay at the time of retirement or firing its employees in the future. Net present value of the portion of the termination indemnity right holds by the employee at the date of balance sheet within this total liability which is expected to be paid is registered into the balance sheet as provision for termination indemnity. It is assumed that ratio of the number of employees who fired or leave the company in the previous periods without getting any termination indemnity to the total number of employees would be the same in the following periods and total liability is declined at this rate.

The difference of the total termination indemnity between the two periods is distributed to cost of interest, cost of service for the current period and actuarial income /(loss). Cost of interest is the cost of use of the liability in the previous period's balance sheet during the period and equals to the liability amount at the beginning of the period for the employees who are still working multiplied by discount rate used in that year. The cost of service for the current period is the portion of the termination indemnity at the time of it is going to be paid which the employees get the right for termination indemnity for their services at the time of balance sheet through discount rate. All other differences are reflected to actuarial income and loss. Actuarial income /(loss), cost of interest and cost of services for the current period are presented in the comprehensive income statement.

Except from the wages, bonuses and other social benefits provided to employees, there is not any contribution plan to be paid after the retirement or resigning period.

Taxation:

Tax payable in the attached financial statements is consist of tax provision for the current period and deferred tax. The provision for the liabilities regarding to the corporate tax to be resulted from the activities in the current period is set based on the legal tax rates at the time of balance sheet.

DTA (Deferred Tax Asset)/(Liability) is the difference between account value and tax value (timing difference). Current tax rate is considered on the calculation of DTA (Deferred Tax Asset). DTL (Deferred Tax Liability) is presented in the financial statements for all taxable or deductible provisional differences, but DTA (Deferred Tax Asset) is presented in the financial statements provided that there are taxable profits are possible from which the deductible provisional differences can be set off. Net DTA (Deferred Tax Assets) resulting from the timing differences are reduced at the rate of the tax deductions provided that it is not certain that they can be used in the following years according to the information on hand.

Related Parties:

Parallel to the aim of these financial statements, related parties are considered and defined as the companies which are linked to the shareholders, important managerial employees and board members, their families and controlled by them or related to them, subsidiary and partnerships and minority partners of the affiliates. Shareholders, major managers of these companies and members of the board of the Company and their families are also considered as related parties. Transactions made with the related parties are generally in accordance with the market conditions. Key managerial employees are also defined as the related parties of the company.

Cost of Borrowing:

Bank loans received in return for interest are reflected in the records on the basis of the net amount received after deducting the purchase cost. Income or expenses arising during the redemption process or registration of liabilities are associated with the comprehensive income statement. Borrowing costs are recognized on an accrual basis even if their due dates are not due in the period they arise.

• **IFRS 15 - Revenue from Contracts with Customers**

In September 2016 POA issued IFRS 15 that includes amendments made by IASB in April to clarify IFRS 15. New five stage model in standard describes requirements for revenue recognition and measurement. Standard provides a model that applies to revenue from contracts with costumers. This model also helps recognition and analyze with sale of non-financial assets that are not related to the ordinary activities of an entity. The standard replaces existing IFRS guidance and introduces a new control-based revenue recognition model for contracts with customers. In the new standard, total consideration measured will be the amount to which the Company expects to be entitled, rather than fair value and new guidance introduced on separating goods and services in a contract and recognizing revenue over time. The standard is effective for annual periods beginning on or after January 1, 2018, with early adoption permitted. These amendments will be not effective on the Company's financial position or its performance.

• **IFRS 9 - Financial Instruments**

In January 2017, POA issued IFRS 9 "Financial Instruments" in its final version. This final version of IFRS 9 brings together all three aspects of the accounting for financial instruments project: classification and measurement, impairment and hedge accounting. IFRS 9 is built on a logical, single classification and measurement approach for financial assets that reflects the business model in which they are managed and their cash flow characteristics. Built upon this is a forward-looking expected credit loss model that will result in more timely recognition of loan losses and is a single model that is applicable to all financial instruments subject to impairment accounting. In addition, IFRS 9 addresses the so-called 'own credit' issue, whereby banks and others book gains through profit or loss as a result of the value of their own debt falling due to a decrease in credit worthiness when they have elected to measure that debt at fair value.

The Standard also includes an improved hedge accounting model to better link the economics of risk management with its accounting treatment. IFRS 9 is effective for annual periods beginning on or after January 1, 2018, with early application permitted by applying all requirements of the standard. Alternatively, entities may elect to early apply only the requirements for the presentation of gains and losses on financial liabilities designated as FVTPL without applying the other requirements in the standard.

IFRS 16 "Leases"

For agreements concluded prior to January 1, 2019, the Company determines whether an agreement is a lease or whether it contains a lease and based on the substance of the agreement;

- (a) whether the realization of the agreement depends on the use of a particular asset or assets;
- (b) and whether the agreement transfers the right of use of the related asset.

As of January 1, 2019, the first date of IFRS 16 has been used, the Company reexamined whether the agreements are leasing or not. Instead of this, the Company applied IFRS 16 "Leases" to agreements that are detected whether it is a leasing or not by examined in scope with IAS 17 "Leasing Transactions" and IFRS Comment 4 "Determination of Whether an Agreement Contains Leases", IFRS 16 "Leases" applied to the agreements that previously defined as not a leasing accordance with IAS 17 "Leasing Transactions" and IFRS Comment 4 "Determination of Whether an Agreement Contains Leases".

Therefore, there is no need to restate the consolidated financial statements of the previous years, these financial statements are presented in accordance with IAS 17 "Leases" and IFRS Comment 4 "Determination of whether an Agreement Contains Leases".

As the lessee, the Company classified the leases where the risks and rewards of ownership of the assets previously subject to the lease belong to the Company as finance leases. Other leasing transactions are classified as operational leasing. As of January 1, 2018, the Company measured its lease obligations with net worth of outstanding lease payments. Lease payments are rediscounted by using the implied interest rate, if the interest rate can be easily determined otherwise, using the Company's alternative borrowing interest rate.

Lease payments are discounted by using implied interest rate in the lease agreement if the interest rate can be determined easily or by using the company's alternative borrowing interest rate if it cannot be determined.

The company chosen to use the following facilitating practices;

- Applies a single rediscount rate to a portfolio of leases with similar characteristics.
- As an alternative to the impairment review, the Company assesses whether leases are economically disadvantageous by applying IAS 37 "Provisions, Contingent Liabilities and Contingent Assets", just before the date of initial application.
- For contracts with options to extend or terminate the lease, he used his past experience in determining the lease term, the Company preferred not to use the exceptions for short term leases and leases where the asset is underrated according to IFRS 16 "Leases".

Right-of-use asset

At the commencement date, the Company measures the right-of-use asset at cost. The cost of the right-of-use asset comprises:

- (a) the amount of the initial measurement of the lease liability.
- (b) any lease payments made at or before the commencement date, less any lease incentives received.
- (c) any initial direct costs incurred by the Company.
- (d) an estimate of costs to be incurred by the Company in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease (unless those costs are incurred to produce inventories).

When applying the cost model, Company measures the right-of-use asset at cost;

- (a) less any accumulated depreciation and any accumulated impairment losses; and
- (b) adjusted for any remeasurement of the lease liability.

The company applies the depreciation provisions contained in TAS 16 Tangible Assets while depreciating the right-to-use asset. In the event that the supplier transfers the ownership of the underlying asset to the Company at the end of the lease term or the cost of the right-of-use asset indicates that the Company will use a purchase option, the Company depreciates the right-to-use asset from the actual start of the lease until the end of the useful life of the underlying asset in other cases, the existence of the Company's right of use, the useful life of the asset, starting from the date the lease actually commences or depreciate according to the shorter of the lease term.

The Company applies the depreciation requirements in IAS 16 Property Plant and Equipment Standard in depreciating the right-of-use asset. The company applies IAS 36 Impairment of Assets Standard to determine whether the right-of-use asset is impaired and to account for any impairment loss identified.

Lease debts

At the commencement date, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted by using the interest rate implicit in the lease, if that rate can be readily determined or by using the Company's incremental borrowing rate.

The lease payments included in the measurement of the lease liability comprise the following payments for the right to use the underlying asset during the lease term that are not paid at the commencement date;

- (a) fixed payments, less any lease incentives receivable.
- (b) variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date.
- (c) price of usage option if the Company is reasonably sure that it will use the purchase option and
- (d) payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

After the commencement date, Company measures the lease liability by;

- (a) increasing the carrying amount to reflect interest on the lease liability.
- (b) reducing the carrying amount to reflect the lease payments made, and
- (c) remeasuring the carrying amount to reflect any reassessment or lease modifications.

The interest of lease liability for each period in the lease term is the amount found by applying a fixed periodic interest rate to the remaining balance of the lease liability. The periodic interest rate, if easily determined, is the implied interest rate on the lease. If this rate cannot be easily determined, the Company uses its own alternative borrowing interest rate.

After the lease commences, the Company remeasures the lease liability to reflect changes in lease payments. The Company reflects the remeasurement amount of the lease liability to the financial statements as an adjustment to the right of use asset.

The Company remeasures the lease liability by reducing the revised lease payments at a revised discount rate if following conditions occurs;

- (a) Change in rental time, the Company determines revised lease payments based on the revised lease term.
- (b) Change in the assessment of option to purchase the underlying asset. The Company determines revised lease payments in order to reflect the change in amounts payable under purchase option.

The Company determines revised discount rate as implied interest rate on the lease for remainder of lease term if it is easily determined. If this rate cannot be easily determined, the Company uses its own alternative borrowing interest rate.

The Company remeasures its rent obligation by reducing the revised lease payments if either of the following conditions occurs;

(a) Change in the amounts expected to be paid under a residual value commitment. The Company determines revised lease payments in order to reflect the change in amounts payable under purchase option.

(b) Change in these payments as a result of an index or rate change used to determine future lease payments. The Company remeasures the lease liability to reflect these revised lease payments only when there is a change in cash flows.

The Company determines the revised lease payments for the remaining lease period based on the revised contractual payments. The Company uses an unaltered discount rate in this case.

The Company, recognizes restructuring of the lease as a separate lease if both of the following conditions are met;

(a) Extends scope of lease by adding the right of use one or more underlying assets and

(b) The consideration received for the lease increases by an amount commensurate with the stand-alone price for the increase in scope.

Earnings (Loss) Per Share;

Earnings (Loss) per share are calculated through net profit or loss of the period divided by the weighted average of the number of common shares in the current period.

In Turkey, companies, equity to existing shareholders from retained earnings and inflation adjustment difference of distributing shares (bonus shares) can increase their capital. When calculating the profit / (loss) per share, these bonus shares are considered as issued shares. Therefore, the weighted average of shares used in the calculation of profit / (loss) per share is obtained through retrospective application in terms of bonus shares.

Events after the Balance Sheet Date;

In case there are some events after the balance sheet date which requires adjustment entries, these amounts in the financial statements are adjusted according to the new situation; but in case there are events after the balance sheet date which does not require any adjustment entry, there are explanations in the related period if the events are important.

Provisions, Conditional Liabilities and Conditional Assets;

Provisions;

Provisions are the accruals provided that there would be a liability (legal or structural liability) resulting from the events happened in the past and it is probable that this liability will cause a decline in the asset items and the liability amount can be determined reliably. Accrued provisions are reviewed in every balance sheet period and revised in order to reflect the current expectations.

Conditional Liabilities and Conditional Assets;

Transactions which cause commitment and conditional liability mean the conditions which are linked to the result of one or more than one event that may happened in the future. Therefore, since some transactions have possible damage, risk and uncertainty in the future, they are defined as items out of balance sheet. In case there is a forecast for possible obligations or losses to be occurred in the future, these liabilities are considered as costs and debt for the Company. However, income and profits which are probable to occur in the future are presented in the financial statements.

Assets and Liabilities in Terms of Foreign Currency;

Assets in the balance sheet in terms of foreign currencies are converted to Turkish Lira based on buying rate of foreign exchange and liabilities from selling rate of foreign exchange published by CBTR. Transactions with foreign currencies within the period are converted to Turkish Lira from the actual rates at the date of transaction. Foreign exchange gains and losses arising from these transactions are presented in the income statements.

Rates used in the financial statements on December 31, 2021 and December 31, 2020 reports are as follows;

	31 December 2021		31 December 2020	
	<u>Buying</u>	<u>Selling</u>	<u>Buying</u>	<u>Selling</u>
USD	13.3290	13.3530	7.3405	7.3537
EUR	15.0867	15.1139	9.0079	9.0241

Important Accounting Review, Forecast and Assumptions:

Preparation of financial statements requires management to apply policies and make decisions, forecasts and assumptions which affect the assets, liabilities, incomes and losses which are reported. Real outcomes may be different from these forecasts.

Forecasts and assumptions which are the basis of the forecasts should be revised all the time.

Important forecasts and assumptions used by the Company during the preparation of the financial statements are as follows;

- Useful lives of tangible and intangible assets,
- Discount rates used for trade receivables and payables,
- Provision rates for the receivables from Social Security Institutions ("SSI"),
- Income accruals and doctor's progress payments related to the patients whose treatment is ongoing,
- Regarding employee benefits; retirement period, rate of raise, discount rate, severance pay rate,
- Rates used for deferred tax calculation,
- Recognition of assets subject to operating leases.

Effect of COVID-19 Outbreak on Company Activities:

COVID-19 infection (Coronavirus) which appeared first in China in December 2019 and affected the world as of March 2020 declared as a global pandemic by the World Health Organization as of March 11, 2020.

In order to prevent the COVID-19 epidemic and the spread of the epidemic, the Ministry of Health General Directorate of Health Services published its memorandum on "Pandemic Hospitals" numbered 14500235-403,99 on March 20, 2020. According to Article 1 of memorandum, all foundation hospitals and private hospitals are obliged to treat the patient until the diagnosis of COVID-19 becomes definite. According to the memorandum, when hospitals within the group are evaluated, all hospitals except "Lokman Hekim Etlik Hospital" and "Demet Tıp Merkezi" have become "Pandemic Hospital". In this context, all hospitals under the management of Group have taken all precautions regarding the COVID-19 outbreak and provided the necessary environment for the health of our employees and the safe treatment of our patients.

During the COVID-19 (Coronavirus) outbreak, the company started to make use of the short-time work allowance incentive as of April 6, 2020, limited to the services experiencing a decrease in demand. The short work allowance incentive terminated as of July 5, 2020.

The possible negative effects of the COVID-19 epidemic which affected the whole world are observed by the Company and precautions are taken for all of the situations. As uncertainties which regard the violence of the pandemic process in the world and in our country and the period it will end continue, an effective evaluation can be made to depend on the developments that will occur over time. In this context, although the pandemic effect minimized as a result of the measures taken by the company, due to continued uncertainty about the economic impact of the outbreak as of the reporting date, the effects on the company's financial statements cannot be considerably forecasted.

The effect of temporary article-13 of Corporate Income Tax on Deferred Tax:

The corporate tax rate is the corporate tax rate applied to the legal tax base to be found by adding the non-deductible expenses in accordance with the tax laws to the commercial earnings of the companies, and deducting the exemptions in the tax laws, Corporate Tax Law Provisional Article 13 and corporate tax rate; 20% for the corporate earnings for the 2021 taxation period and 23% for the 2022 taxation period.

For the part of temporary differences that will have tax effect, calculations are made with a rate of 23% for the 2022 period and 20% for the following periods.

The Company revalued its tangible and intangible assets in its legal records by indexing them based on the rates determined by the Republic of Turkey Ministry of Treasury and Finance through Article 11 of the Law No. 7326 on Restructuring Certain Receivables and Amending Certain Laws with numbered 1346 the Board of Directors Decision dated July 6, and with reference to the Provisional Article 31 added to the Tax Procedure Law Assets valued in accordance with the Tax Procedure Law differ from the fair value for IFRS based on the market approach. Deferred tax calculated based on the difference between tax value resulting from revaluation operations according to Tax Provision of Law and over the resulting difference in accounting value.

Changes and Mistakes in the Accounting Policies

An enterprise can only change its accounting policies only in case of following conditions and apply backwards;

- Required by a standard or an interpretation,
- If it is in a character which provides a more appropriate and trustable way to present the effects of the transactions and events on the financial statement, performance or cash flow of the enterprise.

Parties who use the financial statements should have the opportunity to compare the financial statements throughout the time in order to find out the trends of the financial position, performance and cash flow. Therefore, as long as a change in an accounting policy does not meet one of the criteria described above, same accounting policies should be used in every period and financial period.

In order to allow determination of financial position and performance trends, the Company's current period financial statements are prepared comparatively with the prior period. Comparative information's can be reclassified, if it is necessary. This reclassification is in terms of conformity with presentation in the current period financial statements.

The Company has applied IFRS 9 "Financial Instruments" and IFRS 15 "Revenue Standards from Customer Agreements" IFRS 16 "Leases" Standard chosen to apply early, IFRS 9 Financial Instruments Standard has no significant effect on the financial statements.

The Company started to apply IFRS 16 "Leases" Standard on January 1, 2019 for the first time. Previously it classified as operating leases in accordance with IAS 17, As of January 1, 2019, the right of use assets reflected to the consolidated financial statements for leases at an amount equal to the lease liability that agreement of which has been signed, prepaid or corrected for all lease payments accrued.

3. OPERATIONAL SEGMENT

The company prepares its sales as its operating on the basis of hospital, major buyers, types of activities and outpatient and inpatient services.

Revenues from Activities	1 January 31 December 2021		1 January 31 December 2020	
	Amount	%	Amount	%

The companies included in the consolidation have cross surety given in favor of each other for bank loans. In all loan and leasing contracts which are used, at least two of the chairmen of the board Mustafa Sarioğlu and board members Mehmet Altuğ and Celil Göçer have personal sureties.

14. BENEFITS PROVIDED TO EMPLOYEES

	31 December 2021	31 December 2020
Provisions for Termination Indemnity	12,134,469	4,116,475
Provisions for Days Off	4,002,209	934,934
Total	16,136,678	5,051,409

The Company assumes that all its staff leave the job when they fill seniority as working for 25 years for men and 20 years for women. It assumes that the severance pay earned as of the balance sheet date increase by 20% (31 December 2020: 10%) per year (increase in wages of employees) until the date of retirement. Thus, when retired, it finds the portion of the severance pay to be received in accordance with the seniority period at the balance sheet date.

This amount is discounted at the rate of 15.75% (31 December 2020: 12.5%) in accordance with the period remaining to retirement and the net present value is found. The amount of severance pay is subject to an upper limit which is determined every year for these calculations, the upper limit of the wage base for severance pay taken into account. This upper limit is TRY 8,284.51 valid from July 1, 2021 (31 December 2020: TRY 7,117.17).

The assumptions used in the calculation of the severance pay are as follows;

	31 December 2021	31 December 2020
Working Period	F:20 years, M:25 years	F:20 years, M:25 years
Pay Raise	20%	10%
Turnover Rate without Receiving Termination Indemnity	70.40%	70.36%
Discount Rate	15.75%	12.5%

The transactions within the period in provisions for severance pay are as follows;

	31 December 2021	31 December 2020
Beginning of the Period	3,261,077	4,305,222
Payments	(1,518,445)	(612,098)
Interest Cost	344,292	400,271
Period Expense	3,230,171	856,525
Actuarial Gain /(Loss)	5,961,976	(1,688,843)
End of the Period	11,279,071	3,261,077
Termination Indemnity Liability associated with Akay Hospital*	855,398	855,398
Total	12,134,469	4,116,475

(*) It shows the severance pay burden taken over by the company regarding the Akay Hospital purchase made on July 28, 2016. There is no severance payment to Akay Hospital Employees in the current period. (31 December 2020: TRY 47,878).

Actuarial gains and losses are reported in the Shareholder's Equity.

Provisions of unused vacation pay;

According to the applicable Code of Labor in Turkey, in case a labor agreement is terminated for any reason, the company has to pay wages for the annual unused vacation pay to the employee or his/her legal representatives in terms of the wage on the termination date of the contract.

In-period activities for unused vacation pay are given as below;

Number of shares owned by Lokman Hekim Engürüsağ A.Ş. (%) :523,734/1.45

Number of shares owned by Lokman Hekim Van A.Ş. / Ratio to Capital (%) :420,186/1.17

On July 8, 2020, 752,849 shares with a unit cost of TRY 8.73 transferred to Lokman Hekim Engürüsağ Sağlık, Turizm, Eğitim Hizmetleri ve İnşaat Taahhüt A.Ş. sold by Lokman Hekim Engürüsağ Health, Tourism, Education Services and Construction Contracting Inc. on September 11, 2020. The sales of 390,068 units with a price of TRY 11.78 regarding the shares of Lokman Hekim Van Sağlık A.Ş. carried out. The profit of TRY 4,720,185 arising from the sale recognized in equity.

Total Purchases Under Repurchase Program / Percentage to Capital (%) : 832,269/2.31

Revaluation Funds;

<u>Revaluation Funds</u>	<u>31 December 2021</u>	<u>31 December 2020</u>
Revaluation Fund from Tangible Assets	55,282,268	25,305,936
Deferred Tax Effect	(5,781,287)	(2,783,653)
Total	49,500,981	22,522,283

Revaluation fund related to tangible assets includes value increases arising from the lands and buildings which are demonstrated at their fair value. The net deferred tax effect is calculated as 10% after the assumption that the 50% exemption right stated in Article 5 of the Corporate Tax Law was used in the calculation of deferred tax effect of value increases. (31 December 2020: 10%)

The Company has revaluated buildings and buildings reported in tangible assets in accordance with the report dated September 28, 2021 prepared by Ege Taşınmaz Gayrimenkul Değerleme ve Danışmanlık A.Ş., an independent real estate appraisal company licensed by the CMB, which is not related to the Company. The management of the company thinks that the revaluation company has occupational accumulation related to the subject and has updated information about the class and place of the land and buildings.

Defined Benefit Plans Remeasurement Gains /(Losses) (Actuarial Gain/(Loss)):

Defined Benefit Plans Remeasurement Gains/(Losses)	31 December 2021	31 December 2020
Beginning of the Period	(3,387,222)	(4,738,298)
Additions with-in the Period	(6,960,080)	352,972
Deferred Tax Effect	2,209,682	998,104
Total	(8,137,620)	(3,387,222)

Restricted reserves allocated from profit are reserves allocated from the profit of the previous period due to obligations arising from law or contract or for certain purposes other than profit distribution.

General Legal Reserves are separated according to Article 519 of the Turkish Commercial Code and are used according to the principles specified in this article. These principles are as follows;

- 1) Five percent of the annual profit is allocated to general legal reserves until it reaches twenty percent of the paid-in capital.
- 2) After reaching the limit in the first paragraph;
 - a) The portion of the premium provided for issuing new shares that has not been used for issuance expenses, redemption provisions and charitable payments.
 - b) The portion remaining after deducting the costs of issuing new bills from the amount paid for share certificates canceled due to Extinguishment.
 - c) Ten percent of the total amount to be distributed to people who will receive a share from the profit, after a five percent dividend is paid to the shareholders, is added to the general legal reserve.
- 3) If the general legal reserve does not exceed half of the capital or the issued capital, it can only be used to cover losses, to continue the business when things are not going well, or to take measures to prevent unemployment and mitigate its consequences.
- 4) The provisions of subparagraph (c) and third paragraph of the second paragraph do not apply to holding companies whose primary purpose is to join other enterprises.
- 5) The provisions regarding the reserves of joint stock companies subject to special laws are reserved.

Prior Years' Profit/Loss:

Prior years' profit is TRY 24,418,878 (31 December 2020: TRY 27,414,499).

In accordance with the decision taken in the 2019 ordinary General Assembly of the Company, the profit of TRY 4,800,000 to be distributed paid TRY 1,975,512 on September 28, 2020, according to the 12th article of the Law No. 7244 and the provisional article 13 added to the Turkish Commercial Code. As a result of the evaluation made by the board of directors, the remaining amount of TRY 2,824,488 paid on January 4, 2021 and January 6, 2021.

Total	(24,817,594)	(18,182,125)

27. TAX REVENUE/(EXPENSE)

Corporate Tax:

Turkish tax legislation does not allow the parent company to file a tax return over the consolidated financial statements of its subsidiaries. Therefore, tax liabilities reflected in these consolidated financial statements are calculated separately for all companies included in the scope of consolidation.

The corporate tax rate is 20% applied to the legal tax base to be found by adding the non-deductible expenses in accordance with the tax laws to the commercial earnings of the institutions and deducting the exemptions in the tax laws.

With the Law No, 7316 on the Procedure for the Collection of Public Claims and the Law Amending the Laws, published in the Official Gazette dated April 22, 2021 and numbered 31462, the Corporate Tax Rate was amended. Corporate Tax will be applied as 25% for the 2021 calendar year with the written letter. However; 2021/1, the corporate tax rate will be 20% for the provisional tax period and 25% for the 2021/ 2-3 and 4th terms. The rate will be applied as 23% for the corporate earnings for the taxation period of 2022.

The Company revalued its tangible and intangible assets in its legal records by indexing them based on the rates determined by the Republic of Turkey Ministry of Treasury and Finance through Article 11 of the Law No. 7326 on Restructuring Certain Receivables and Amending Certain Law and with reference to the Provisional Article 31 added to the Tax Procedure Law Assets valued in accordance with the Tax Procedure Law differ from the fair value for IFRS based on the market approach. In the deferred tax calculation based on the cancellation of the revaluation operations made by the Company in accordance with the Tax Procedure Law; The rate accepted is 10% for evaluable real estate and %20 for other assets within the scope of TPL, 5-1/e.

There is a withholding tax obligation on dividend distributions, and this withholding obligation is accrued in the period when the dividend payment is made. Dividend payments to non-resident institutions other than those made in Turkey with offices or through income-tax payers' permanent representative in Turkey are subject to a withholding tax of 15 percent.

In the application of the withholding rates regarding the dividend distributions made to non-resident taxpayer institutions and real persons, the withholding rates included in the related Double Taxation Agreements are also taken into consideration. Allocation of previous years' profits to capital is not considered as profit distribution, therefore it is not subject to income tax.

According to the Turkish tax legislation, financial losses can be carried forward for five years to be deducted from the future corporate income.

To reconcile with the tax authorities about the tax payable in Turkey is not such an application. Corporate tax returns are submitted within four months following the closing month of the accounting period. Authorities competent for tax inspection can examine tax returns and the underlying accounting records for five years following the fiscal period and re-assess as a result of their findings.

Income Tax Liability of the Period	31 December 2021	31 December 2020
Calculated Corporate Tax Provision	4,416,633	2,333,417
Calculated Corporate Tax and Other Liabilities (-)	(4,416,633)	(2,333,417)
Total	-	-

Tax income/(expense) are as follows;

Tax Income/(Expense) for the Period	1 January 31 December 2021	1 January 31 December 2020
Tax Expense for the Period	(4,416,633)	(2,333,417)
Deferred Tax Income/(Expense)	25,156,107	(4,320,978)
Net	20,739,474	(6,654,395)

DTA (Deferred Tax Assets) and DTL (Deferred Tax Liabilities) are calculated by taking into account the effects of temporary differences arising as a result of different evaluations between the financial statements of financial status statement items issued in accordance with TAS / IFRS and legal financial statements issued by POA.

Contribution to Investment and Reduced Corporate Tax:

Corporate Tax Law Article 32 / A of the application with the reduced corporate tax came into practice on February 28, 2009. The promotion of investment since 2009 has started on a different system than before, These systems are based on the 2009/15199 and 2012/3305 are described by the Decisions of the Council of Ministers.

Reduced corporate tax investments to be made with the application of the proceeds from the contribution amount until it reaches the reduced corporate tax rate of taxation is intended. These investments contribute to the system by determining the rate and amount of investment gains in the amount of the contribution is based on the principle of less taxation. Defined contribution amount for each investment until the reduced corporate tax rate by applying the tax to be charged in the amount of the contribution of the investment is promoted.

Contribution to investment amount reduced corporate tax to be applied for collection with the foregone tax through investments amount to be covered by the state. The investment contribution rate is represented by the division of total contribution amount by the total investment incentive. Reduced corporate tax contribution amount will be applied until it reaches to amount of contribution investment. Therefore, reduction in corporate tax practice is not limited to a certain period.

(*) Project-Based Support for Investments No.6745 consists of the Lokman Hekim Ankara Hospitals and Lokman Hekim Van Hospitals Investment Incentive Documents with reduced corporate tax.

(**) Company made the calculation of deferred tax of appreciation which occurred after the result of revaluation of land and buildings with assumption of getting benefit from the exception at the rate of 50% which is indicated in Article 5 in Corporate Tax Law (31 December 2020: 50%). Conditions for getting benefit from this exception are like below;

- Real Estates will be in company's asset minimum for 2 years.
- Profits arising from sales of Real Estates will be held in a private fund account at liabilities for 5 years.

- Sale price will be collected at the end of following the second year after sale is made.

(***) This amount is the net adjustment made on other fixed assets other than the fixed assets under valuation (the value adjustment made in the depreciation due to the calculation of depreciation based on cost or useful life) and the deferred tax effect taken into account as 20% as of the current period (31 December 2020: 20%). The Company revalued its tangible and intangible assets in its legal records by indexing them based on the rates determined by the Republic of Turkey Ministry of Treasury and Finance through Article 11 of the Law No. 7326 on Restructuring Certain Receivables and Amending Certain Laws with numbered 1346 the Board of Directors Decision dated July 6, and with reference to the Provisional Article 31 added to the Tax Procedure Law Assets valued in accordance with the Tax Procedure Law differ from the fair value for IFRS based on the market approach. Deferred tax calculated based on the difference between tax value resulting from revaluation operations according to Tax Provision of Law and over the resulting difference in accounting value.

The corporate tax rate increased from 20% to 22% for the years 2018, 2019 and 2020 within the scope of the "Law on Amendment of Some Tax Laws and Other Laws" numbered 7061, which published in the Official Paper dated December 5, 2017. Temporary differences are calculated with 20% rate for the part that will create tax effect in 2021 and following periods.

With the Law No, 7316 on the Procedure for the Collection of Public Claims and the Law Amending the Laws, published in the Official Gazette dated April 22, 2021 and numbered 31462, the Corporate Tax Rate amended. Corporate Tax will be applied as 25% for the 2021 calendar year with the written letter. However; 2021/1, the corporate tax rate will be 20% for the provisional tax period and 25% for the 2021 / 2-3 and 4th terms. The rate will be applied as 23% for the corporate earnings for the taxation period of 2022.

For the part of the temporary differences, planning is made with 25% for the 2021 period, 23% for the 2022 period and 20% for the previous periods.

28. EARNINGS PER SHARE

(*) Consist of advance payments in the scope of affiliation* between Hospitals in Ankara and Lokman Hekim University. Total financial costs related to advances given is TRY 7,930,327 and reflecting to Sevgi Foundation periodically. Collection of the advance is planned to take place in next 3 years. Efficiency and overall service quality of the hospitals are expected to increase due to cooperation.

* Affiliation: It is a cooperation model put into practice by the Council of Higher Education and the Ministry of Health for the development of education and training between Foundation Universities and private hospitals. With the cooperation made within the framework of this model, there is an invoicing for private hospitals above the pricing specified in the Health Implementation Communiqué (HIC).

32. FAIR VALUE AND FINANCIAL RISK MANAGEMENT

Fair Value of Financial Instruments

Fair value is the amount which can be measurable with closest market price that can be obtained in a sale process except forced sale or liquidation in which there are applicants for both selling and buying. The estimated fair values of financial instruments determined using available market information by the Company, using appropriate valuation methodologies. However, judgment is necessarily required to interpret market data to determine the estimated fair value. While the management of the Company has used available market information in estimating the fair values, the market information may not be fully reflective of the value that could be realized in the current circumstances. The following methods and assumptions are used for the determination of fair values of financial instruments.

Financial Assets

Fair values of Cash and Equivalents, including accrued interest and other financial assets are assumed to approximate their carrying amounts due to their short-term maturity and being subject to insignificant credit risk. Fair values of trade receivables net of doubtful receivables are assumed to approximate their carrying amounts.

Financial Liabilities

Trade payables and other monetary liabilities are thought that their fair value converges to their real value due to their short-term nature. Bank loans are denoted by rediscounted cost and transaction costs are added into initial residual cost of bank loans. It is predicted that the bank loans are valued by their fair values, since interest rates are updated by taking into consideration the changing market conditions. It is foreseen that the trade payables are close to their fair values after deducting the provision for rediscount.

Fair Value Hierarchy Table

As of December 31, 2021 and December 31, 2020 the Company has financial assets and liabilities held at fair value in the balance sheet. The company determines and shows the fair value and price, uses the following hierarchy:

Level 1: Identical assets and liabilities quoted in active markets.

Level 2: Direct and indirect observation of inputs that may have a significant effect on the fair value reflected in the financial statements.

Level 3: Determination of inputs that may have a material effect on the fair value reflected in the financial statements without observable market data.

31 December 2021		Level 1	Level 2	Level 3
Valuation Inputs to Fair Value				
Biological Assets	-	-	-	12,949,950
Land and Buildings	-	-	-	94,955,806
Goodwill	-	-	-	-
Doctor Staff and Medical License Fee	-	-	-	22,888,881
Investment Property	-	-	-	7,810,000

31 December 2020		Level 1	Level 2	Level 3
Valuation Inputs to Fair Value				
Biological Assets	-	-	-	13,710,350
Land and Buildings	-	-	-	65,822,111
Goodwill	-	-	-	-
Doctor Staff and Medical License Fee	-	-	-	22,888,881
Investment Property	-	-	-	6,400,000

33. SUBSEQUENT EVENTS
